## WELLNESS FOCUS

### RESOLUTION SOLUTIONS: Goal Setting

You only have one body – so look after it! By setting yourself effective health goals, you'll maximize your life span and enjoy your life more too! And it's important to understand that health and well-being comes from the combination of your lifestyle factors, and not just one aspect of it – lifestyle factors are all inter-linked. This means that to improve one aspect of your health, you need to focus on your overall health profile and life balance.

## FROM THE DESK OF DR. SIMON

Greetings Lady Eagle Parents,

Happy New Year! We are excited to start another great semester with our girls and their families. I hope that your Winter Break was exciting, yet restful and rejuvenating. Most importantly, I sincerely hope that you were able to spend quality time with your family and friends.

Now that break is over, it is time for us to round out the second semester with a STRONG FINISH! In order for us to realize our goals, each entity of our school community must do its part. We will continue to provide your daughter with quality teaching and learning experiences each day. It is also imperative that you continue to actively partner with us to ensure our girls are pushing hard to reach their full potential.

One of the earlier predictors of the progress that we are making may be reflected in our Computer Adaptive Assessments that are given during the Fall and Winter of each year. Next week, all of our girls will take the Winter assessment which should tell us how much they have learned since September and how far we still need to go in order for each girl to reach her Stretch Goal. Remember that the Stretch Goal is reflected on your daughter's iReport, which was mailed to you in November and given directly to your daughter in December. Please continue to refer to that document as you encourage your daughter to do her best, in and out of school.

As always, we are here for you and your daughter. Do not hesitate to contact us for any reason. Please be sure that you stay connected and let us know how we are doing.

Sincerely,

Dione Simon, Ed.D.  
Principal
