Letter from the Principal

Since my arrival on July 1st, I have truly felt welcomed by the Grady Community. It has been very busy, but I have enjoyed speaking with students, staff and parents to determine what is going well at Grady and how we need to improve as a school community. In our first month of school, the faculty has begun working in Professional Learning Communities (PLCs) by subject area and grade level. Through weekly planning meetings, learning teams collaboratively develop lesson plans, analyze student data, plan appropriate interventions and enrichment, and design common assessments. Grady staff members are working collegially each day, with a collective commitment to student success.

We have many new staff members this school year. Grady administrators worked diligently in the spring and summer to identify outstanding educators for our vacancies. I am excited to welcome these new team members to the Grady community, and I am confident that they will help the school become even stronger—per our school motto, "Individually we are different. Together we are Grady."

Now that school is well underway, please check that your student has a course syllabus for every class, and knows the day, time and location of after-school tutorials for all core subject areas and foreign languages. This should be a component of the course syllabi. However, if you do not see this information, please contact the Department Chairpersons/Lead Teachers:

Mathematics - Ms. Linda Brasher - lbrasher@atlanta.k12.ga.us

Science - Dr. Jormell Cofield - jbcofield@atlanta.k12.ga.us

L&L - Ms. Sheila Oliver - soliver@atlanta.k12.ga.us 404-802-3020

Grady High School Pathway Updates

Biomedical Science & Engineering Pathway

September is an exciting time because student schedules are finalized and teachers are engaged in their lessons and the standards students should know. This year, we expect our teachers to submit at least one grade per week. This will help to keep parents and students informed about progress.

At the close of the 2013-2014 school year, the state of Georgia cut the fourth-year class for both biomedical science and engineering. Each of these classes offered an internship opportunity. Although we are disappointed in this change, we have re-evaluated our program and made the following changes to give our students a more enriching experience.

- Moving our engineering applications class from the dance studio to a new lab that includes 30 new workstations.
- Creating a dedicated engineering workroom with minor equipment and tools for student use. The biomedical science classes will continue with more labs for our 9th graders as well as prepare for the annual health fair and Health Occupations Students of America (HOSA) competitions.

As always, we thank parents for your support. We are looking forward to a great month of creativity, teaching and learning.

Raymond L. Dawson, Pathway Leader:
rdawson@atlanta.k12.ga.us

Business & Entrepreneurship Pathway

We are excited to announce that the students in the B&E Pathway will have a chance to participate with the Finance and Scholastic Training (FAST-Track) Program. This is a rigorous nine month program that exposes talented minority students to the financial services industry. Beginning in September, students meet with mentors twice a month and focus on development in areas related to stocks, bonds, personal finance, business, operations, and real estate. They also explore resume writing, interviewing, networking, business etiquette, public speaking, and have opportunities to visit financial and educational institutions. Our B&E support staff this year is as follows: Tony Davis, badavis@atlanta.k12.ga.us, Marketing/Fashion Marketing; James Dunton, jdunton@atlanta.k12.ga.us, Sports/Entertainment; Marlon Pilson, mpilson@atlanta.k12.ga.us, Business; Valerie Williams, vkwilliams@atlanta.k12.ga.us, Fashion Instructor; Lamar Young, ljyoung@atlanta.k12.ga.us, Guidance Counselor. We are looking forward to an awesome year.

Law & Investigation Pathway

The L&I Pathway teachers at Grady would like to recognize some of the partnerships in which their students had the opportunity to participate during the summer. These partnerships provide excellent exposure to the legal system for our students. Many thanks to Judge Bowden and Attorney Barbour for their efforts in connecting students to these organizations.

- The Junior Deputy Clerk Summer Internship Program: Non-paid internship designed to expose high school students to careers in local government. Interns receive hands-on experience, interviewing skills and career development.
- The Fulton County District Attorney's office: Opportunities for students to work directly with attorneys and staff.
- The Emory University School of Law Center for Advocacy & Dispute Resolution: Teaches students trial techniques

during a semester-long program focusing on oral advocacy. Second-year students also participate in mock jury trials.

- The Gate City Bar Association's Justice Robert Benham Law Camp: Exposes minority students in Atlanta to the field of law. Students are exposed to practicing minority lawyers and judges, and given an opportunity to learn more about four legal institutions, such as state and superior courts, the Georgia Supreme Court and Georgia Court of Appeals.

Other partnerships include the State Bar of Georgia Diversity Program with Atlanta's John Marshall School of Law and the Leadership Institute for Women of Color Attorneys.

If you would like to support the law curriculum at Grady to enhance our students' educational experiences, please feel free to contact Attorney Calethea Barbour: cbarbour@atlanta.k12.ga.us with the Criminal Investigations Pathway or Judge Bowden: hjbowden@atlanta.k12.ga.us with the Application of the Law Pathway.

Writing Center News

The Writing Center operates Monday - Thursday, 3:30 p.m. - 6:00 p.m. inside the Media Center, for one-on-one assistance with any writing project. In addition to excellent volunteers, the Writing Center has resources such as writing guides, notebooks of sample essays and resumes, and books on writing.

All juniors must pass the GGT Writing Test, so the Writing Center will present several **GGT Writing Test Workshops**. The next session is planned for Wednesday, September 3, with two GGT practice sessions on September 9 and 17, before juniors take the test September 24.

The Writing Center kicked off the year with a **college essay workshop** August 27. More workshops will be scheduled (watch the GradyGram). Seniors are encouraged to come to the Writing Center for one-on-one assistance on their college entrance essays. We had a successful year last year with students who came for assistance passing the GGT Writing Test and receiving scholarships.

Check out our ongoing contest of **First Lines of Novels** for on-the-spot prizes as well as cumulative prizes for frequent winners. Watch the GradyGram for announcements of **writing contests** for all students – poetry, short stories, personal essays, graphic fiction.

We invite all parents and community members to join the **Book Club** (for adults only), which meets every third Monday of the month at members' homes. On October 20 we will choose the next six selections, to include fiction, nonfiction and classic novels. Come help choose and then begin your reading. See the GradyGram or contact Riki Bolster at gradywritingcenter@gmail.com for more information.

PTSA News

Greetings Grady Community,
We hope your school year has gotten off to a great start! We wanted to take a moment to share some things with you as we begin this new year.

The PTSA Executive Committee has adopted the motto, "GROWING GRADY" for this school year. We want to support our GROWING GRADY campaign by increasing parent engagement and encouraging diversity, improving communication and refining/enhancing our fundraising processes. We also want to take a look at our PTSA structure and develop a plan to help keep us relevant and able to fully support the changing needs of Grady High School. Starting with the Open House Night on September 9, we will begin monthly PTSA General Meetings. All are invited to attend and hear what is going on at Grady. The meetings will be posted on the Grady calendar and in *Knights Lights* and the GradyGram. We welcome and encourage teachers, students and parents to join the PTSA and support our school.

We are also striving to put the "S" back in the PTSA by encouraging student leaders from the Student Government Association (SGA) to take an active role in our PTSA. With Mr. McCurdy's help, our long-standing faculty representative and also the new advisor for the SGA, we hope to have some SGA students working with us by October.

Also, be on the lookout for our PTSA fall fundraising lottery meeting, which will be scheduled soon. As always, all Grady academic clubs are welcome to join us and receive a day to fundraise in our parking lots in the fall. Until our new Athletic Director is hired, our Vice Principals, Dr. Propst and Mr. Howard, will manage the sports fundraising schedule for the athletic lot. Also, to more equitably serve all of Grady, we are planning to work with the Grady Administration Team to further develop the parking lot fundraising policies and procedures. We're not ready to start that work yet, but will let everyone know when the process begins, as we want to have input from teachers, students and parents alike.

Lastly, thanks to all who have already joined the PTSA! We're off to a great start! We will be offering memberships at the September 9 Open House, so we hope you'll join the PTSA if you haven't done so already. If you have any questions or a great idea to share, we would love to hear from you: GradyKnightsPTSA@gmail.com.

Your Grady PTSA Executive Committee,
Mr. Guiney, Christa, Erlese, Larissa, Laura, Mary Lynn and Melissa

Grady G3 Robotics

Congratulations to Grady Robotics

Three Grady High School robotics team members and their engineering mentor were selected as finalists for the 2014 Drone Prize sponsored by Intel. **Isabelle Carson, Sajjad Ali** and **Gabriel Kupersmith** worked with mentor Gardner Chambliss over the summer. Together they developed a project proposal for MARTA to use unmanned aerial vehicles (UAVs or drones) as part of their safety, security and maintenance programs. Their work with MARTA inspired them to submit a video entry for the national Drone Prize. As finalists, the team traveled to Portland, Oregon on August 22 at Innovation Day and won both the People's Choice Award and second place at the 2014 Drone Prize. As part of their awards, they brought home two new UAVs. The drones will be featured in a halftime show later this fall during a Grady football game. Way to go team!

Orchestra News

Over the summer, sophomore cellist **Mason Johnston** was named grand prize winner for the Atlanta Symphony Orchestra's 2014 Next Generation Student Composition Contest. His winning composition, *Dominus* for Solo Violin and String Orchestra, inspired by the moon, was selected unanimously by the judges. It will be performed on the Atlanta Symphony's Concerts for Young People series this year, to be attended by about 10,000 local students.

In other news, Atlanta Symphony Orchestra violinist Kenn Wagner visited the school on August 11 and 12 to lead master classes with the Grady Orchestra. Kenn has been a member of the symphony since 1994, and it was an honor to welcome him to work with the school's string players.
