Dear Dolphin Families,

As we approach Fall Break the week of October 13th, we want to share some instructional resources to support continued learning and engagement for students and families who wish to participate.

Monday, October 13, 2025 is called an Extended Learning Day throughout APS. The APS Teaching and Learning Department has created a collection of *optional* learning activities and resources designed for both the Extended Learning Day and the days of Fall Break. These resources can be found linked [IN THIS GOOGLE DRIVE FOLDER](#).

PLEASE NOTE:

- These resources are not mandatory to be completed as there will be no graded work.
- Schools and families have full flexibility to use the materials in whole, in part, or simply as a guide if you choose to use them.
- The goal of the resources is to provide meaningful options that encourage learning beyond the classroom while also allowing students and families to enjoy a well-deserved break.

The activities listed are meant to provide enrichment opportunities that students can engage with at their own pace during the break. Of course, as always, reading is always encouraged as a non screen time instructional activity while students are away from MES!

Your Dolphin's MES assigned Chromebook as well as a clear bag with charger will be sent home Friday, October 10th to support the Extended Learning Day and Fall Break activities. Please make sure that Chromebooks are returned Monday, October 20th, 2025 and the chargers are kept at home in a safe place!

We appreciate your partnership in supporting our students' learning, growth, and well-being. Wishing you and your family a safe, restful, and enjoyable Fall Break!

Warmly,

A handwritten signature in black ink, appearing to read 'Brian Baron'.
