Greetings Atlanta Public Schools (APS) Employees,

Over the past few years, our team has been working with the Instructional Technology team and the Schools & Academics teams towards providing our students with a hi-tech learning environment of the future. This '21st Century Classroom' requires that we equip our students' workspaces with the best of resources and tools such as laptops, desktops, tablets, chrome books, LED panels, printers, mobile devices and more.

The purpose of this catalog is to provide you with a useful guide to decide what technology best fits your school, classroom or administrative areas. The catalog also includes basic step- by- step instructions on how to generate a quote for your technology, how to ensure that you receive your ordered equipment, and what to do once the equipment is delivered/installed.

I hope that you will find the catalog very useful. Please contact our IT service desk at 404.802.1000 if you have further questions.

Warmest Regards,

Olufemi Aina

Executive Director, Information Technology

HOW THE ORDERING PROCESS WORKS AT APS

① GET A QUOTE by visiting the vendor sites listed

HOW TO ORDER **LENOVO** PRODUCTS

STEP 1: Go to the ordering site,
<http://www.IThardware.apsk12.org>

If you are a new user, click "Register Now."

If you have an existing account,
proceed to **STEP 5**.

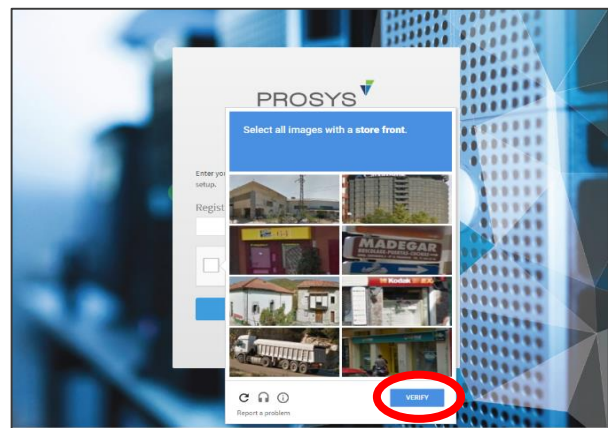

Enter the APS Registration Code:
39sc6J95Fy [required field]

STEP 2: Click the "I am not a robot" check box.

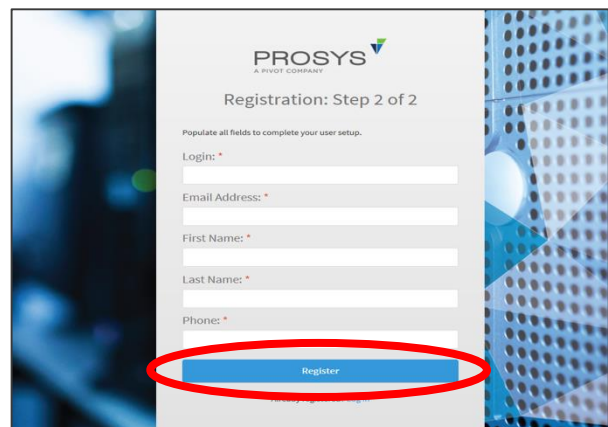

Answer the security challenge, e.g.,
Select all the squares with street signs.

Click "Verify" and then "Next."

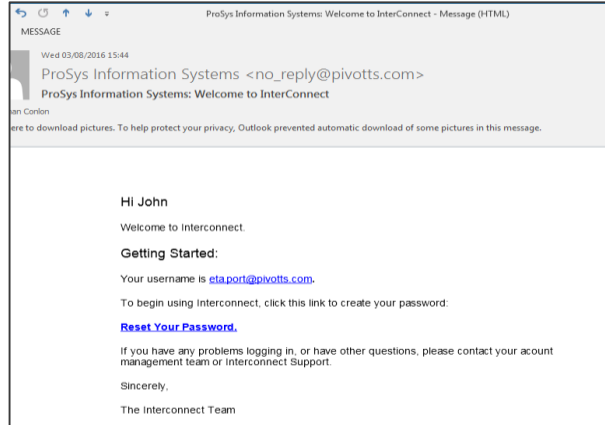

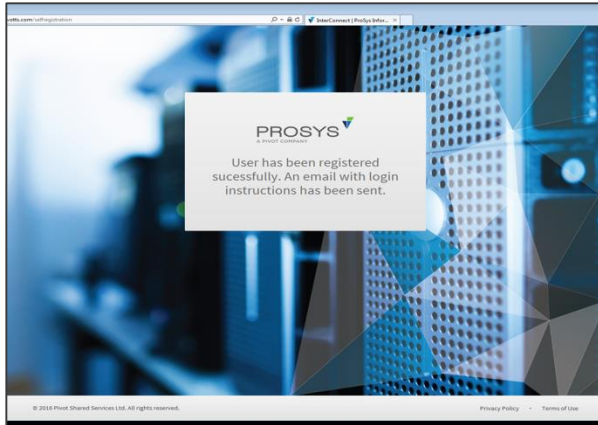

STEP 3: Enter values for all fields

Click "Register" to complete the
registration process

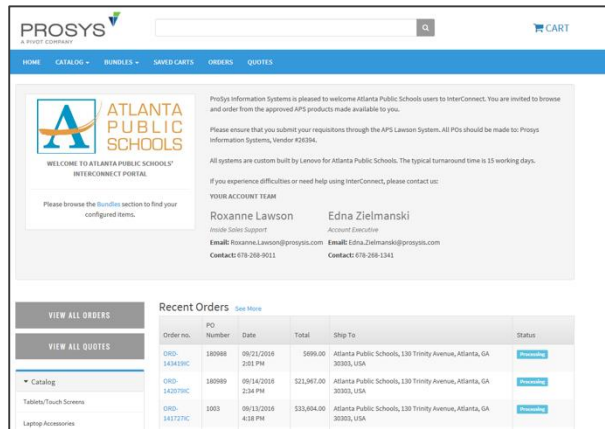

HOW TO ORDER LENOVO PRODUCTS CONTINUED

STEP 4: You will receive a welcome email with your username and link to set your password.

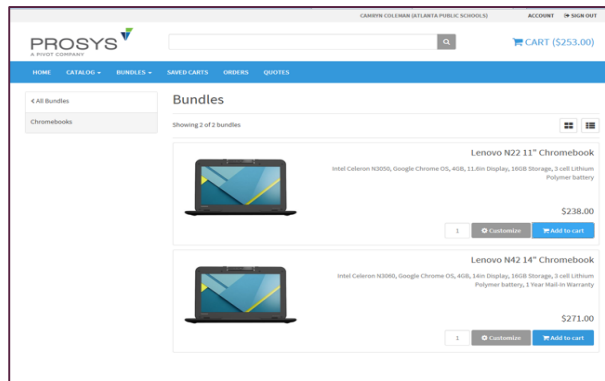

STEP 5: Log in using your username and new password. You should arrive at the Prosys homepage.

Place your cursor over the "Bundles" tab and click "All Bundles."

STEP 6: Browse the Bundles page for desired items and add them to your cart.*

APS employees are only allowed to purchase preassembled bundles

HOW TO ORDER LENOVO PRODUCTS CONTINUED

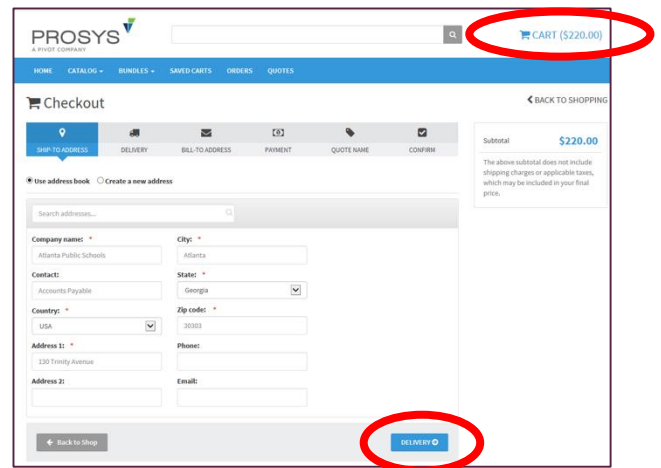

STEP 7: Generate a quote

Click “Cart” in the top right corner.

Review order and click “Create a quote.”

Fill required fields to complete the quote.

Click “Delivery” to complete transaction.

The screenshot shows the Prosys website's checkout process. At the top right, a shopping cart icon is labeled "CART (\$220.00)" and is circled in red. Below the navigation bar, the "Checkout" section is active, with a "DELIVERY" button at the bottom right also circled in red. The form includes fields for "Company name" (Atlanta Public Schools), "City" (Atlanta), "State" (Georgia), "Country" (USA), "Address 1" (130 Trinity Avenue), and "Zip code" (30303). A "DELIVERY" button is located at the bottom right of the form area.

STEP 8: Submit requisition (Lawson), Prosys Information Systems Vendor #: 26394

Price	\$259.00	\$271.00

What is Chromebook Google Chrome White Glove Service?

It is a pre-deployment service. The point of performing this service is so the Chromebooks automatically configure into the end-user's infrastructure when first powered on. To make this happen we use a customer supplied login and password to download the customer's pre-made profile onto the Chromebook. We will also perform an update of the Chrome OS and any optional requested work (asset tags, etc.). We do not perform administration of the Management Console or create the Chromebook profile.

PROSYS LENOVO PRODUCTS TABLET

Lenovo ThinkPad Yoga 370 Tablet

Processor	Intel Core i5 Processor
RAM	8GB RAM
