IB Coordinator's Message

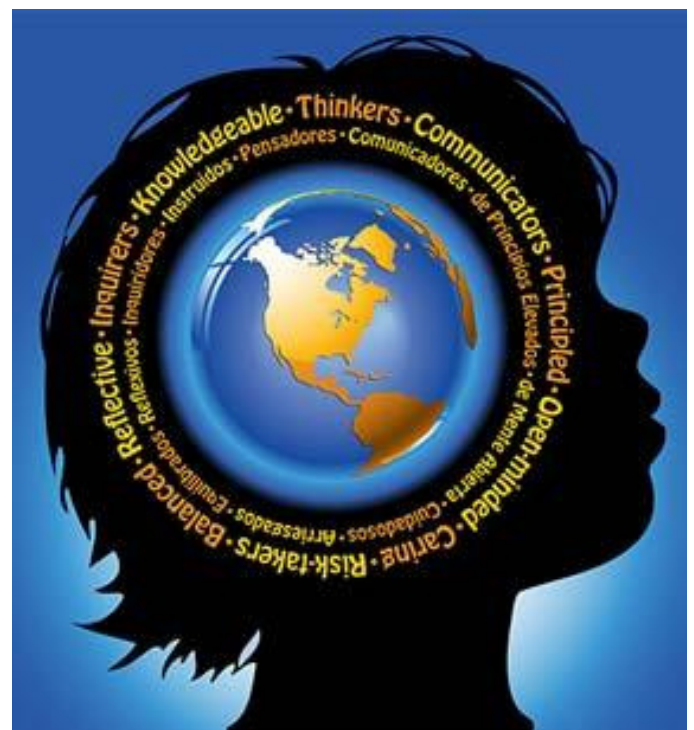

Hello Tiger Family! We had a great IB consultant visit in October. A special thank you to all Tiger parents who joined the Zoom meeting to share your positive experiences in the Tigers Den. Continue to follow our IB journey in this quarterly newsletter, on the school website, Class Dojo, and also on Twitter. Parents are a critical component to our success. Be on the lookout for opportunities for you to share your voice on the IB PYP at CES!

What Makes Cascade Different with IB?

In the IB Primary Years Program, students engage in inquiry and transdisciplinary learning to develop approaches to learning skills and the attributes of the IB learner profile. Students are challenged to think critically, ask questions, and make connections across subjects. The IB program also encourages students to use their learning beyond the walls of our school.

The IB Learner Profile

IB Learners work to develop the 10 traits that form the IB Learner Profile. We strive to be Inquirers, Knowledgeable, Communicators, Reflective, Risk-takers, Open-minded, Caring, Principled, Thinkers, and Balanced.

The Learner Profile Attribute of the Month

Open-Minded

We critically appreciate our own cultures and personal histories, as well as the values and traditions of others. We seek and evaluate a range of points of view, and we are willing to grow from the experience.

#RespectOthers

Congratulations IB Scholars of the Month!

Kudos to the October **Communicators**! Communicators are confident when talking about ideas. They express themselves in many ways, learn more than one language, and listen to others.

SEL competencies complement the IB PYP Learner Profile attributes.

Scholars learn by using the 5 Approaches to Learning skills throughout the IB Units of Inquiry.

The IB PYP curriculum framework helps students become active, compassionate, and lifelong learners.
