

STEAM EDUCATION

ENTREPRENEURSHIP & INNOVATION

MISSION

Develop future STEAMologists using 21st Century Essential Skills including collaboration, communication, problem solving, creativity and critical thinking.

VISION

Engage students and stakeholders in inquiry-based instruction that challenges their curiosity, connects their learning across contents, and apply experiential experiences that foster ingenuity.

IN ACTION

Our STEAMologists participate in ongoing activities, events and project based learning experiences that facilitate cross-curricular integration.

PARTNERS

ENGAGE

CHALLENGE

INSPIRE

ACHIEVE

Engaging with students, Inspiring young minds in challenging ways to ensure achievement at all levels
