

# Credit Recovery Has Moved to Georgia Virtual School (GaVS)

## **GA DOE Credit Recovery Program courses have flexible schedules and are not facilitated by a teacher.**

- The Credit Recovery Program allows students who have completed seat time and calendar requirements, to earn credit based on competency of the content standards.
- Credit Recovery courses are complete courses aligned to state standards, for which the student will demonstrate mastery before receiving a grade.
- The Credit Recovery Program offers core courses and limited electives, required for graduation from a Georgia public high school.

### **Credit Recovery Fee**

All first-time enrollments are free to all public school students. Should a re-enrollment be required, a \$25 fee will be incurred.

### **Eligibility**

- Any APS student who failed a course between 0-69 may enroll.
- The NCAA does not accept the GaDOE's Credit Recovery Program course credits for its student athletes. Therefore athletes cannot enroll in AVA.

### **How do Credit Recovery courses work?**

- Students take a pretest at the beginning of each unit. If that score is 85% or higher, the student is allowed to proceed directly to that unit's post test.
- If the pretest score is less than 70%, the student must engage with every content item in the unit. When all items have been completed, the post test will be available to the student.
- In order to move out of one unit into the next, the student must score a 70% or higher on the unit post Only unit post tests/final exams/EOC assessments are recorded in the final grade. Students must complete the entire course and the final exam or EOC to receive credit for the course.

Consult your school counselor for more information.

**Get more information at:  
[www.gacreditrecovery.org](http://www.gacreditrecovery.org)**

**The Georgia Department of Education will provide all local districts and schools with guidance and assistance regarding utilization and implementation of the Credit Recovery program. Online training for local school site coordinators is integrated into the Credit Recovery program and will be required for participation by any local school district or school before students may participate.**
