Jan. 5 Teacher Professional Learning Day

*Growing from Good
to Great!*

Cascade Elementary School showed progress in 3 of the components and retains a 100% status in closing the gaps in student achievement for subgroups. We are winning in the Den!!!

We are most pleased in our performance as a school community over the past year. The data above is additional confirmation that Cascade Elementary School is continuously growing from good to GREAT!! We want to thank our parents for being supportive and engaging with this work. We know that we still have work to do to improve content mastery for our school, but the trend data is showing that we are on our way to greater proficiency rates if we stay the course of having high expectations with all that we do. We invite you to review the data in depth by visiting the website for the GADOE.

What's happening in December

It is our hope that you and your families will have a wonderful Thanksgiving week. We will be excited to see our scholars again on Monday, December 1st. We will review the skills that the students learned from August until December to prepare them for the winter MAP assessment (Grades K-5). We will begin with the Reading MAP Growth Assessment on Wednesday, December 3rd. We can't wait to see how much the scholars have grown academically. The Math MAP Growth Assessment will take place on Tuesday, December 9th. Our 5th graders will conclude with the Science MAP Growth Assessment on Thursday, December 11th.

Winter Holiday Program

We will have our Winter Holiday Program on Tuesday, December 16th at 8:30 AM. We ask that you limit your attendance to two adults per family because this event is for the entire school and seating is limited.

Attendance Parent Winners

Congratulations to the Following Parents who won the Perfect Attendance Parent Raffle for the month of November. These parents were awarded Kroger Gift Cards for their students' perfect attendance accomplishment

Mykia Green
