October 2024

We are in our Relocation Site at 1654 S. Alvarado Terrace

September Recap

September was a great month. We are all settled in our new space and the learning is taking off! We want to thank you for the parent turn out for Curriculum Night. It was one of the largest parent turnouts that we have had in years. It just goes to show that our parents are fully invested in their children's education.

October at a Glance

The month of October will be short but sweet. The teachers will participate in professional learning and instructional planning sessions during the first half of this month that is designed to focus on lessons that will be engaging and rigorous at the same time. It is important that scholars are here each day to receive the high impact instruction that will be provided. We will have Fall Break the week of October 14th. We return from Fall Break on October 21st. The second half of the month will be filled with so many events. We will launch a new initiative called Book Blast, where we are encouraging each student to solicit support from family members and friends to receive books at school during the winter holidays. More information about this cool initiative is forthcoming. Picture Day and the Fall Festival will also be held this month. Please see the calendar of events. Just as you supported curriculum night, I ask that all families join us for Student Data Conference Night on Wednesday, October 30th. We will show you where your student is currently performing on various assessments and where we intend for them to be by the end of the school year. The best part about this event is that the students will be leading the parent discussions. Please place this event on your calendar today.

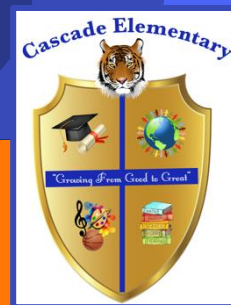

New to the Team

We have two new teachers that have joined our team. We were granted these teachers because our current enrollment is over what the district projected for us for this school year. Please welcome to the Cascade Family, Mrs. Sharee Sutton (3rd grade instructor) and Mr. Mwalimu Clark (special educator).

In Conclusion

Please continue to check the website and your child's Class Dojo for updates. We need you, but more importantly so does your child. Parent engagement makes all the difference. Let's have a great month

Ms. Tiffany Momon, Principal
