Greetings Parents/Guardians,

We would like to welcome you and your child to John Lewis Invictus Academy! The middle school years are a unique time in a child's life. Your child is entering a new stage of development where he/she may be experiencing many changes physically, socially, and emotionally. During these years, you will see your child striving for independence, yet still seeking reassurance from parents and other significant adults in his/her life. Since you are the most important person in your child's life, your involvement and support mean a great deal to us as we begin this endeavor together.

The middle school years are ones in which your child is expected to assume more responsibilities, i.e. finding out information about assignments missed when absent, taking care of personal belongings, seeking a teacher's help when needed, etc. Some students will find these tasks easy while others may struggle. We will work to assist your child in being successful. Please notify us if your child is struggling with these responsibilities.

We understand you may have many questions about your student's new grade, new teachers, and new school building. We are excited about receiving our new scholars and will provide you with updates often. Please continue to check our school website under the "Transition to Middle School" tab for important information. If there is information you would like to hear more about, please let us know so that we may address your concerns.

Sincerely,

Tonetta Green

Mrs. Tonetta Green, Ed.S.

6th grade Assistant Principal

John Lewis Invictus Academy
