Each November schools are invited to participate in celebrating family engagement through a variety of activities and initiatives.

Through active partnerships and by working directly with your child's school, you help to build a solid academic foundation for your scholar to thrive.

This year we are hosting a drive-thru "Cupcake & Conversation".

Parents will receive a cupcake and a book to encourage reading.

Here are 5 easy ways parents or guardians can help children become strong, successful readers:

- Talk to your kids (a lot)
- Read to your kids!
- Have them tell you a "story"
- Listen to your child read!
- Play board games that involve reading!
