 - Free meals daily at the 6-week summer program
 - College application guidance
 - College tour planning and chaperoning
 - Educational mentorship
 - Support navigating college financial aid applications
- 

Odyssey, which provides a summer program and year-long support with a proven track record, works with motivated public school students to help improve their school performance and instill a love for lifelong learning.

Targeting Atlanta Public Schools students in rising grades 1 to 12 from underserved communities, Odyssey offers an educational six-week summer camp experience for nearly 400 students, focusing on STEAM — science, technology, art, engineering, and math — through a curriculum grounded in Project Based Learning as well as additional guidance throughout the year for high school students.

Odyssey encourages students to embark upon a quest for knowledge and a journey toward higher education. Offering educational enrichment to children who might otherwise not have access to these experiences has always guided Odyssey's program.

Our goal is to make a measurable impact on the academic achievement, career aspirations, and lives of Odyssey students. Odyssey's Scholars develop lasting friendships, a boost in confidence, and a life-long love for learning.

\$2,500 Annual student tuition paid for by Odyssey donors.

Classes are held on the campus of The Westminster schools.

Transportation from local elementary schools or the Arts Center MARTA station is provided, as are lunch and snacks. Elementary children also receive breakfast.
