## FROM PRINCIPAL CHRISTIAN

BARACK AND MICHELLE OBAMA ACADEMY

Week of August 21, 2023

Greetings Eagle Nation!

Welcome to another edition of Eagle News. Can you believe that we have almost completed our first full month of school? As I visit your scholars' classrooms I am finding them engaged and really enjoying learning. There have been so many fun lessons happening that I have found it difficult to leave their classes. If you join us tonight for our **PTA and Curriculum Night** you will get an opportunity to hear all about the fun things that they are learning.

This week our scholars began their fall Measures of Academic Progress (MAP) Assessment. The testing window began on **Monday, August 21, 2023**, and runs until **Friday, September 1, 2023**. Our Kindergarten through 4th grade scholars will complete the assessments for Reading and Math and our 5th grade scholars will take the Reading, Math and newly added Science assessments. The MAP Assessment helps your scholars' teachers determine what your scholars already know, what they need to learn next and what they may need to be taught again. In order for our teachers to collect the best data, it is extremely important that scholars are present and on time each day during the testing window and that they do their very best.

If you have not already done so, please take a moment to complete the information packets that were sent home during the first week of school. We are still missing quite a few and that information is extremely important. If you have not returned your **Clinic Record Card, Emergency Contact Form** and **Media Release Form**, please do so as quickly as possible. If you don't recall receiving these forms please contact the school office and we will send another packet home.

Finally, please take a moment to review this week's Courier packet. It is full of important information. Remember that you can scan also the QR Code below to view the electronic version of the weekly courier or visit the BaMO website.
