Dear Students, Families, Staff, and Community Partners,

I am both honored and excited to introduce myself as the new Assistant Principal of William M. Finch Elementary School. It is with great enthusiasm that I step into this role, and I want to express my deep commitment to the academic growth, well-being, and success of every student we serve. As an educator I have had the privilege of serving this school community in a variety of roles for the past 15 years, each one deepening my connection to our students, staff, and families. I bring a deep and unwavering passion for advancing student achievement, supporting high-quality instruction, and increasing family engagement. My goal in this role is to help build on the great work already happening here while working alongside teachers, students, and families to raise achievement and ensure the opportunity for every child to thrive.

Student success is not the work of one but the work of many. I believe that by working together, setting high expectations, and creating a culture of excellence and equity, we can ensure that every student reaches their full potential. Whether it's through supporting teachers, building strong partnerships with families, or ensuring that every child feels seen, heard, and challenged, I am committed to making a lasting, positive impact.

It is a true privilege to be part of the Finch family, and I look forward to working together to support every child's growth and success. I am excited about the journey ahead and so grateful to be doing this important work alongside all of you.

Dedicated to making a difference,

Karmishala Bentley-Cuyler
Assistant Principal
