Parent Teacher Association

P.T.A

We have a few parents that have reached out in reference to joining our new PTA.

PTA Links families to important school and community information. We need PTA! It hosts fun, educational clubs, programs and events for our families. PTA raises money to support school needs through different events and fundraisers. It is also known that students whose parents are involved in their school and community have better grades and behavior.

**PARENTS WE
NEED YOU!!!

Covid-19 Eviction Relief

Are you an APS Family that needs help with paying your apartment rent?

Administered by:

Star-C's Eviction Relief Fund is a rent assistance program that helps qualified residents pay their rent and continue to raise their children in their same community. The program collaborates with landlords that operate affordable/workforce apartments. Applicants can submit their completed (must be signed by landlord) paperwork and supporting documents to kristin@star-c.org.

Help with APARTMENT RENT

- Star-C may be able to cover a portion of your apartment rent up to \$3200.
- Visit: www.star-c.org/eviction-relief
- To qualify you will need to submit the following:
 - Completed Application w/ Manager's Signature
 - Proof of COVID-19 related hardship
 - Updated ledger from apartment
 - Copy of W9 from apartment complex.

CONTACT:

Email: kristin@star-c.org
Phone: 404.698.3781
Fax: 404.698.3831
Website: www.star-c.org

Or contact your local school representative for more information.

Join us for our First Annual Thanksgiving Giveaway

NOVEMBER 19, 2020

- Targeted Intervention Plan

APS Developing a Revised Reopen Strategy for January 2021

APS is developing a phased-in approach for reopening district schools as we prepare for January 2021. This approach maintains the three instructional delivery models that include the following options: **1) Site Based Virtual Learning, 2) Face to Face Options and 3) Atlanta Virtual Academy.**

Designed for families who don't feel comfortable sending their children back to school but ultimately plan to rejoin their enrolled school in the future. Based on the number of parents who choose this option, the local school will work to provide a virtual option for students.

Designed for families who feel comfortable with returning their students to a face-to-face, in-school environment. It provides the opportunity for students to return to campus and interact directly – but safely – with their teachers and classmates.

Designed for families who wish to remain in the virtual environment regardless of shifts in delivery models at the local school.

In preparation for the eventual reopening plan, the phased-in approach includes **teacher preparation days and phasing in elementary students first followed by secondary students over the first several weeks in January 2021.**

2021

In support of reopening APS Schools in January 2021, the district is launching the following activities in preparation for our Return + Learn Plan:

1. **Expanded academic, wellness and engagement interventions across all schools to address the neediest students**
2. In-Person learning opportunities for Students with Disabilities enrolled in low-incidence programs
3. **Launching an Intent to Return Form for all students to select or change previous declaration for January 2021.**
4. Implementing asynchronous or independent learning on Wednesdays in the month of December.
5. **Monitoring APS Athletics and identifying potential opportunities for APS Arts to perform/practice in-person in small groups**

-
- As APS prepares for a reopening, deep appreciation and acknowledgement continues to be extended to principals, teachers, support staff and parents.
 - Any interventions requiring face to face needs will be offered in alignment with APS' health and safety protocols, developed in close collaboration with public health officials and as recommended by the CDC.
 - Interventions DO NOT replace core instruction and will be scheduled around the instructional model. CARE teams will help to assess student referrals, assign appointments and appropriate interventions.
 - Schools will have ability to determine what expanded interventions are offered, how interventions are staffed and delivered, and when (before school, during school, after school) interventions are offered.

INTERVENTION	Criteria for selecting students for expanded intervention services
<p>ACADEMICS</p> 	<ul style="list-style-type: none"> •Failing 2 or more courses •Credit deficient or incompletes from previous school year's transcripts •Tier 2 or 3 Academic Plans •Students with Disabilities attending Low Incidence Programs (<i>Note: ALL SWD are eligible for participation in intervention programs as recommended by the CARE Team. However, SWD in Low Incidence classes may be considered for face-to-face instruction via this model</i>). •Students who scored in the Urgent Intervention range on Star Assessments
<p>WELLNESS (Supports from Social Workers, Counselors, Mental Health Providers, Psychologists, etc.)</p> 	<ul style="list-style-type: none"> •Referred by staff •Referred by a parent/guardian •Referred by a student •Students who have demonstrated a need for mental health supports •Students in need of wraparound supports •Students who have been referred for Psychological Evaluations •Students currently being served under McKinney-Vento
<p>ENGAGEMENT</p> 	<ul style="list-style-type: none"> •Less than 50% weekly engagement as measured by: <ul style="list-style-type: none"> • Low or no attendance and participation during synchronous virtual instruction • Lack of access to technology or connectivity challenges • Students with active truancy referrals

Health and Safety Guidelines for Intervention

APS' Health & Safety Guidelines

All schools are expected to adhere to the district's guidelines for health and safety in the implementation of in-person interventions as follows:

- ★ Temperature screening upon arrival for all students and staff
- ★ Intervention groups limited to 8 or less (inclusive of students and staff) within each setting
- ★ Campus capacity limited to 25% at all times
- ★ Consistent and correct use of masks for all students and staff
- ★ Social (physical distancing) at a minimum of 6ft within each setting
- ★ Hand hygiene and respiratory etiquette are followed
- ★ Cleaning and disinfection procedures are maintained throughout the day and between groups
- ★ CARE Rooms must be identified and staffed for all schools
