## M. Agnes Jones Elementary School

### **Career Day 2023** **Wednesday, February 15<sup>th</sup> from 10:30-1:00**

It is our vision at M. Agnes Jones to “plant the seeds” of college and career readiness. To achieve this vision, we need YOU! With the assistance of parents, community members, and public figures, we can educate our scholars on the importance of furthering their education and the vast career opportunities that are available to them. Therefore, we cordially invite you to make a career presentation for our scholars! Career Day will be held on **Wednesday, February 15<sup>th</sup> from 10:30-1:00!**

This year, we welcome our presenters to join us in-person. If you are unable to join us in person, we will be happy to arrange a virtual session. Our scholars are looking forward to hearing how your career relates to the fields of Science, Technology, Engineering, Arts, & Math.

Presentations should be between 15-20 minutes in length. The recommended topics include related school subjects, education/training, personal skills necessary in your field, or a typical day in your field. You are also encouraged to include displays, child friendly games, videos, and/ or visuals, etc. We appreciate any amount of time that you can dedicate to this extremely rewarding experience for our scholars.

If you are able attend, please click the link below to complete the speaker registration form. We look forward to your attendance.

# ATTENDANCE ATTENDANCE ATTENDANCE!!!

Students who attend school regularly have been shown to achieve at higher levels than students who do not have regular attendance. This relationship between attendance and achievement may appear early in a child's school career.

If your child is not at school, they are not learning. Regular attendance is a vital part to your student's academic success! Students should be in class by 7:45am each day to avoid being marked absent or tardy.

## COVID-19 Surveillance Testing

Atlanta Public Schools (APS) is continuing its effort to keep everyone in our schools and buildings safe by making COVID-19 Surveillance Testing available to all students and staff. COVID-19 Surveillance Testing is a non-diagnostic test that detects the presence of COVID-19 even in individuals who may be asymptomatic. The benefits of surveillance testing include allowing APS to test, receive test results (within 24 hours) and notify individuals of a clinically significant reading before coming to school or work. While participation in surveillance testing is not required for students, it will be strongly encouraged. The success of this mitigation strategy, and the District's ability to return and keep students in school, is based on high levels of staff and student participation. APS is exploring all options as it relates to the administration of surveillance testing for staff and will be providing staff training, information sessions, and other staff engagement opportunities as part of this process. # JOIN MAJ PTA!!

Hello MAJ family!

It is time for another exciting Back to School, Back to PTA year to start and an important part of M. Agnes Jones Elementary School is our PTA.

MAJ PTA supports critical academic needs, is an active voice on decisions that impact your child's health, safety, and quality of education, and builds a stronger, more inclusive school community.

We invite you to "PTA For Your Child" by joining our PTA because increasing our membership, even by one, makes it possible to bring fun, educational, and community-building programs and events to our families.

There is no wrong or right way to be involved. We invite you to support our PTA by becoming a member because we can do more together than apart. It will take you less than 5 minutes. You can join by going to <https://maj.memberhub.com/store>

Sincerely,  
Maliha Haider-Bardill, PTA President
