

# Gifted and Talented !

**2023-24**

We are off to a great start this school year. This year we will be incorporating GATE Standards including: communication skills, advanced research skills, critical and creative thinking skills, and problem solving skills.

The education model at Cascade requires the general education teacher and the gifted teacher to collaborate for English Language Arts and Mathematics instruction.

I look forward to working with your students each week! If you or your student needs support please do not hesitate to reach out to me!

Parents interested in having your students tested, please check the APS site and Class Dojo for updates

## SCHEDULE
