# Midtown & Washington Clusters

Potential Rezoning Impacting Midtown High School, Washington High School, and Centennial Academy

WHAT IS THE CHALLENGE?

Midtown High School is overcrowded, with a projected peak utilization rate of 113% by the 2025-26 school year.

WHAT ARE THE OPTIONS?

1 Current Environment with Additional Enhancement and Innovations (No Rezoning)

Overview
Explore and collaborate with Midtown High School around the following potential strategies:
- Innovation review
- Review the potential of adding capacity
- Complete a residency review
- Review available resources to support Midtown HS

2 Rezone Midtown HS to Washington HS (Centennial Academy Zone)

Overview
- Rezone part of Midtown HS zone to Washington HS (HS students in Centennial Academy zone) effective 2024-25SY
- No changes to Elementary and Middle school attendance zones.
- Review available resources to support Washington HS
