IV. Discussion Items

a. **STEM/STEAM Exploration**

Principal Taylor discussed the direction of the school moving into STEM/STEAM. Our current signature program in our cluster is College and Career Readiness. The district has asked our cluster to choose another one. STEM/STEAM will be our school focus and be school wide. Principal Taylor wants to include the GO TEAM in the decision-making process around STEM/STEAM.

Principal Taylor that there is a two-year minimum to be a certified STEM/STEAM school. This year is our exploration period. We are ahead of the curve since we discussed the idea of STEM/STEAM at our March 2021 GO TEAM meeting.

V. Information Items *(add items as needed)*

a. **COVID Protocol**

The COVID Protocol information is currently on our website. Principal Taylor informed the team that face mask and hand washing is enforced throughout our school and district. This practice is no different from last year. We still have surveillance testing every Friday. Currently, 50% of students get tested and 90% of staff. The district has now mandated that all staff be tested twice a week by Viral Solutions after the Labor Day Holiday. There have been no outbreaks to shut down our school building, however we have had incidents of COVID. We continue to follow the guidelines of the CDC to keep our staff and students safe.

b. **Enrollment**

Principal Taylor stated that our enrollment continues to rise. We are at 320. We anticipate that our enrollment will increase after Labor Day. It's possible that we will increase to 350-400 students. We are not overcrowded, which is good.

c. **Assessment Overview**

Principal Taylor informed the TEAM of our school schedule's extension of 30 minutes daily. We have included an Intervention block to help bridge the gaps of learning loss from last year. We usually use STAR however, this year students
