Discussion Items

1. Revisit Strategic Plan—budget must align with Strategic Plan
2. Understanding Separation of Responsibility between GO Team & Principal—The GO Team serves in a governance capacity. Day to day operations are the responsibility of the principal. The GO Team sets the goals and identifies benchmarks by which to determine if goals are being met. How the principal achieves and/or addresses those goals falls under management.
3. Budget Discussion 2018-2019:
 - Debated supporting budget philosophy versus addressing specific positions. The strategic plan sets the budget priorities, but the principal fills addresses the priorities the way they feel necessary.
 - What does the GO Team actually vote on (in a budgetary sense)? Answer: The principal’s allocations toward strategic priorities. Principal must show that he recognizes that GO Team has set priorities & that he has met those priorities to the best of his ability.
 - Strategic Priorities should be ranked in order to address budgetary restrictions (this is somewhat irrelevant currently, as Parkside has enough funding to address all priorities adequately).

- We do not discuss staff members in GO Team meetings. If we want to reconsider positions, there must be data to show that a priority isn't currently being addressed appropriately with designated positions.
- GO Team Suggestions for Foster to consider:
 - Half time instead of full time SEL
 - Bringing on a Math Coach part or full time
 - Adding another EIP to address reading goals
 - Tutors for reading
- Foster agreed to look at increasing funding around math and evaluating how SEL is addressed in the budget.
