Discussion Items

Notes:

Strategic Plan Discussion:

Information Items

Notes:

Principal's Report:

Announcements

- a. Officer training is available
- b. Check APS email for GO team office updates

Community Feedback

- Rebecca Wallace: Wants to educate the parents on what the GO team does, who we are. Garden curriculum. It is mostly driven by parents. Parents want to train the teachers on how to use the garden more in the classroom. Should we consider garden learning as a part of the strategic plan? *Could be part of school-based solutions.*
- Anna Robinson: Make GO team accessible to parents and teachers. What is the best way to get information to the GO Team in a formal way? CREATE Grant - other cluster schools are involved but not Parkside. AR is volunteering to help draft the grant.

****Parents want clarity on strategic plan and how it will be developed. STRATEGIC PLAN INCLUDES: Curriculum and resources, talent management, academics and culture.**

***Principal and chair should meet once 2 weeks before.**

*** Next meeting will be Monday October 3, 5 p.m. Need to put it on the marquis.**

*** RP is suggesting parent coffees that start a little earlier than usual to get information from the community. Make a subcommittee and monitor the questions that were received to create an FAQ sheet using the material parents and community members are wondering about.**

Before Next Meeting:

- * Noletha will send out the strategic plan format and instructions and guiding questions. She will bring one sheet of trend data next time.
- * I will send it to the team. Team should bring in what was done this summer to start with. Check out Burgess Peterson's strategic plan.
- * Need to find strategic planning packet.
- * On agenda for next time: fill parent seat, discuss strategic plan
- * Need strategic plan draft by next meeting.
- * Late October is next training.
- * Invite the strategic planning official to come to the next meeting.
