MAP Growth Achievement

MAP Growth Achievement Level Predictions by School

Georgia Milestones Achievement Level Predictions are only made for Grades 2-8

(*Reading tests taken in Spanish are *not* given a GAMAS Achievement Level)

click in a school or district row to see grade level performance if there are above 10 students per grade

Data is updated
nightly during
each testing
window.

School	Window	Exams				
DISTRICT	Spring 2021-2022	37,608	41%	30%	20%	9%

School	Window	Exams				
Lin	Spring 2021-2022	838	5%	16%	36%	44%

Young	Spring 2021-2022	1,479	48%	35%	14%	
Fickett	Spring 2021-2022	567	55%	28%	12%	

MAP Growth Target Math

Growth Target Category* Percentage (Math)

Data is updated nightly during each testing window.

[Click on a school below to see grade-level performance.](#)

*The determination of whether or not a student met/exceeded their growth target is based on a calculation comparing the projected and observed growth. Each of these growth measures, as well as RIT scores in general, come with a standard error of measurement (SEM) meaning that the true score/growth lies within a range of values. We currently do not know how well MAP Growth data may align with Milestones SGP data – so each of these percentages will most likely vary from what a school and individual student might expect to see with growth data on the Georgia Milestones.

School	Growth Timeframe	Exams			
DISTRICT	Fall to Spring	29,971	48%	6%	46%
Springdale	Fall to Spring	687	22%	5%	73%
