Uniform Timeline

2024-2025

AUGUST – NOVEMBER

- **Establish Committee:** Identify members, confirm roles, and introduce the committee's purpose.
- **Set Committee Goals:** Review the committee's objectives, including the stakeholder engagement plan, uniform options, and communication requirements

DECEMBER – JANUARY

- Committee developed an **Engagement and Feedback Plan:** Outline the methods and schedule for collecting feedback.
- Committee began **gathering initial input from key stakeholders** (parents, students, and staff) through **surveys**, and **focus groups**.

JANUARY – FEBRUARY

- **Finalize Uniform Options:** Define uniform components and present a clear, appealing overview for community consideration via survey/focus groups
- Analyze data
- Committee presented survey responses to identified Student ambassadors.

MARCH - April

- **Committee will present** final report to the school's **GO Team** with a summary of stakeholder feedback, key insights, and suggested next steps
- Committee will create a **communication plan to inform the school community** about the optional school uniforms

BY APRIL 02, 2025

- **GO Team** will vote and finalize the recommendation.

MAY – AUGUST

- **Implementation:** If a uniform is adopted.

Do you have any additional comments/suggestions about the school uniform?

33 responses

No

no

We should be able to wear hoods.

no

I think school uniform should be optional, but highly encouraged. We could encourage to students to wear uniform by giving incentives, but forcing uniform isn't going to solve any problems.

I think wearing uniform make schools look more organized.

Maybe dress code for teachers as well.

I do not like them

it just need to not be a boring uniform

Proposed Uniform Options for 2025-2026 school year:

Navy Blue Khaki's (Can include pants, shorts, and skirt)

Yellow Cotton Polo (Long sleeve & short sleeve)

Shoes

Choose your own

Tan Khaki's (Can include pants, shorts, and skirt)

Royal Blue Cotton Polo (Long sleeve & short sleeve)

Navy Blue Cardigan (Button down sweater)

Next Plan of Action:

MAY - AUGUST

- Implementation: If a uniform is adopted.

FREQUENTLY ASKED QUESTIONS (FAQ) - OPTIONAL SCHOOL UNIFORMS

What is the purpose of this FAQ?

This FAQ provides information about the optional school uniform policy for the 2025-2026 school year. The policy allows individual schools to decide if they want to implement an optional school uniform program.

Is my school required to implement a school uniform program?

No, a school uniform is optional. Each school will decide through a community engagement process whether or not to implement the program.

Why are we discussing an optional school uniform policy now?

The board revised the Student Dress Code policy on December 4, 2023, and June 3, 2024, to better align with district goals. The current focus is to ensure schools that wish to maintain or establish an optional school uniform for the 2025-2026 school year have adequate time to engage with their communities, vote, and communicate decisions before May 2025.

Where can I find the official Student Dress Code policy?

You can find the official policy here: <http://tinyAPS.com/?2024APSDressCode>

How will my school decide about implementing a school uniform program?

Schools wishing to implement a school uniform will form a committee through the GO Team. The Committee will engage with the school community to gather feedback before making a recommendation to the GO Team and, in middle and high schools, the students.

What is the GO Team's role in this process?

GO Teams are responsible for aligning school-level decisions with district policies. For schools considering an optional uniform, the GO Team will create a committee, engage the community, and vote on the matter. They are encouraged to use their regular meeting schedule to complete this work by May.

How will this process be supported?

The district is providing coordinated support to ensure equitable engagement across all school communities. This includes guidance on forming committees, community outreach, and managing the vote in alignment with board policy.

What if our school already has a uniform?

Schools with existing uniforms will need to follow the process to engage their community and hold a vote to align with the new policy.

What if our school does not want an optional uniform?

Per the APS Board policy, uniforms are optional and are not required to implement one.

What are my options if my school decides to discuss an optional uniform program?

- You can attend the GO Team meeting to learn more about the program and offer your opinion.
- You can vote against the implementation of an optional uniform program if a motion is made.
- You can suggest that the GO Team remove the discussion of an optional uniform program from the agenda.

How does this policy change affect enforcement of uniforms?

One of the goals behind the revised policy is to avoid consequences that impact instructional time or the overall student experience due to uniform non-compliance. The shift ensures that the decision about optional uniforms remains at the school level, empowering communities to address their unique needs.

Who will pay for the uniforms if my school implements the program?

The Board of Education has not yet determined how funding or distribution of uniforms would be handled. This will likely be a topic of discussion at the school level.

How can I learn more about the board's vision for funding and distributing uniforms?

The Board of Education discussed revisions to the dress code policy during the 2023-2024 school year. Reviewing meeting agendas and recordings from those meetings may provide more information on funding and distribution.

Who can I contact if I have further questions?

Please contact your school's principal or the GO Team Office for further questions.

Thank you
