Continuous Improvement Plan

SY 2022-2023

Strengths	Opportunities/Challenges
Algebra I performance exceeds district achievement on EOC/ High achievement for white and black students on EOG	GMAS scores declined for all grade levels in the distinguished and proficient categories for Math and ELA
Minimal discipline infractions as compared to district middle schools for all students	Academic gap remains as measured by EOG between white students and black, Hispanic, and SWD students
Decrease in elevated and extremely elevated risk category on BASC3 assessment	Academic achievement for SWD and ESOL students. Amplify Math and ELA data show SWD and ESOL students are not achieving at the same levels as our white students
Strong implementation and teacher training in the IB programme	Build trust and calibration among school staff
Support of ESOL students through Dual Language Immersion	Support student well-being and mental health through new hired staff members

Our Overarching Needs

Literacy: writing across the curriculum initiative, annotation of objectives and breaking down know/show, streamline use of solos in Amplify curriculum to collect needed formative data to guide instruction	Numeracy: increase use of hands-on manipulatives in the classroom, building comprehension of word problems, annotation of objectives and breaking down know/show, increase use of Amplify exit tickets to provide consistent data	Whole Child & Student Support: addition of Behavior Specialists and full time Psychologist, monitor and protect SEL time within the weekly schedule, continue use of Cougar store school-wide incentive plan, incorporate SEL strategies in weekly lesson plans
---	---	---

Literacy Problem Statement	Numeracy Problem Statement	Whole Child & Student Support Problem Statement
Students do not show their ability to comprehend text and write at their appropriate grade level.	Students do not show their ability to demonstrate pre-requisite and grade-level mathematical skills.	Based on 21-22 BASC-3 data, 16% of students were at an elevated risk and 7% of students were at an extremely elevated risk on the behavioral and emotional risk index (BERI).

Where we're going

At our next meeting(s) we will discuss how our data is aligning to our strategic plan and determine if we need to make any adjustments.

Before the end of Fall Semester, we will take **Action** (vote) on ranking our strategic priorities for the 2023-2024 school year.

Let me or the Chair know of any additional information you need for our future discussion.

Thank you
