Discussion Item(s):

a. Principal Scott presented to the team a preliminary Budget for the FY 2018. He noted that it was balanced and changes may be made based on new enrollment projections. Due to the current funding, in FY 2018 the school would not have a permanent RTI/SST coordinator and that Principal Scott was in discussions with Price MS to secure a shared RTI/SST position and cost. It was also noted in the budget for FY 2018, no teacher positions would be lost, and all three Assistant Principal positions would be funded as well. Chairman Wilson had questions regarding the Safety line item in the budget and whether or not an additional police officer could be added; Principal Scott stated that only 1 officer was funded by the district. Principal Scott informed the team that the media center would receive funding for FY 2018 to update required literary collections (a confirmation from a previous meeting). There were concerns voiced by T. McClardy regarding the size of current co-taught classes and scheduling issues. Principal Scott stated that he would invite Ms. Wanda Kleckley,

APS Special Education Coordinator to the next Go Team Meeting to speak on scheduling and class size problems in the co-taught classes.

Information Item(s):

In response to questions related to class size and scheduling, it was noted by Principal Scott that Assistant Principal Ron Garlington would be leading the Scheduling Committee for the 2018 school year. More information regarding the process would be provided at a later date.
