

## **Booker T. Washington High School**

**2023 - 2024**

### **Strategic Plan**

**Drafted and Adopted by 2022 -2023 Booker T. Washington High School GOTeam on January 24, 2023**

#1 - Utilize existing data to guide the development of systems designed to improve graduation rate with the flexibility to reallocate a percentage of resources if later data shows that there are a student population that requires more access to systems and programs to increase academic and behavioral performance and including SEL resources.

#2-Improve and/or develop systems that build a framework to bring together existing and new resources to support the mission of achieving and maintaining excellence and equity in literacy and numeracy for all students at Booker T. Washington High School.

#3- Leverage strategic partners (to include Corporate, College, and University Partners) to ensure a comprehensive professional learning continuum to build and strengthen teacher and staff capacity through robust pedagogical, content area professional development as well as core and non-core area coaching.

#4 Create a structure to monitor Pathway Progress and Progression that will promote an increase in graduation rates with a direct pathway to college and/or career for all students at Booker T. Washington High School

#5 Create a school culture and climate that utilizes data to ensure resources are distributed to meet the needs of disproportionate or low access to systems or programs designed to increase academic/behavioral performance.

#6 Create an environment focused on improving core academic subject performance through STEAM integration in all content areas at Booker T. Washington High School. Examples are: John Hopkins Center for Talented Youth Programs and Summer Programs, DELTA Flight Academy, 100 Scholars Robotics Alliance, Excel Summer Academy at Georgia Tech, and IDEAL at Georgia State University.
