Kinship Care
515 Fairburn Road SW
Atlanta, Georgia 30331
404-505-2272/3958

www.dfcs.dhs.georgia.gov

The Georgia Division of Family and Children Services (DFCS) has launched this program in direct response to the increasing number of grandparents and other caregivers who have assumed responsibility for raising another relatives' child(ren). As of 2013, 16 percent of all children in another's care are placed with kin. The Kinship Navigator Program is designed to support and assist relative caregivers, understanding the importance of keeping children within their family unit, when their biological parent cannot adequately provide for them.

Who does the Kinship Navigator Program serve?

A kinship caregiver serves as a short or long-term caregiver for relative child(ren). The majority of kinship care arrangements are informal, private arrangements between parents and relative caregivers, while other situations arise as a result of involvement with the child welfare system. Kinship caregivers may also apply for child support services at no cost at their local DFCS office or by completing an application for services through the DCSS Customer Online Service

HOMELESSNESS PREVENTION PROGRAM

Finding affordable housing near schools and public transportation hubs is one of the biggest challenges our families face. Making sure that Latino families are financially secure and able to stay in their homes is a priority for us. We offer one-on-one case management in the area of personal finance to prevent homelessness and ensure that Latino families are able to afford their monthly rent or mortgage. We offer rent assistance in cases of extreme need, as well as assistance to tenants who have complaints against their landlords. We also provide referrals to housing providers and other community organizations for those in need of shelter.

We partner with organizations such as Metro Fair Housing in cases involving housing discrimination and the Georgia Law Center for the Homeless, which represents families facing eviction.

Project GRANDD is a community-based support program for grandparents in the greater Metropolitan Atlanta area who are raising their grandchildren who have disabilities, chronic illness, or behavior or learning difficulties.

Project GRANDD provides group educational meetings, monthly support groups, home visits, individual case management and practical help where needed. Each year, with the support of caring donors, we collect school supplies, food and holiday gifts to help grandparents struggling on fixed incomes to raise a second family.
