

Greetings and Happy New Year Parents and Families of Humphries Elementary School

We are hopeful that everyone is safe and well as we jump into 2022. We wanted to provide families with a few reminders as we start our second semester:

- School for students starts on Tuesday, January 4. Doors will open at 7:15 and school will start at 7:45.
- Face masks are required in all APS facilities and buses. Please prepare your child for school by providing them with a mask. This is especially important for our students that ride the school bus, as the bus drivers often run out of masks.
- APS will continue to provide weekly COVID-19 surveillance testing in APS schools and buildings. We strongly encourage ALL HUMPHRIES' students to participate in this weekly testing. Testing is mandatory for all staff.
- The e-consent form is available below and only needs to be completed once to allow testing for the school year. Access the consent form here: <http://tinyURL.com/HealthyAPS>
- If your child is sick or presents with any symptoms, please allow them to stay home.
- The new Humphries after school program will have an open house on Tuesday, January 4. If you have any questions about the program, need assistance with registration, or just want to meet the staff, please come to the open house beginning at dismissal (2:45) on Tuesday, January 4.
- We are here to grow your children academically and keep them safe. Please let us know how we can better serve you and your family.

Jaron Trimble, Principal
