Individual commitment to a group effort - that is what makes a team work, a company work, a society work, a civilization work.

WHAT IS AN ESCAPE GAME?

Real-life escape rooms are a new concept, based on virtual escape rooms that have been popular online for years. The physical adaptation has become wildly popular in Asia and Europe, and we've brought it to the US!

You and your team will enter one of our themed game rooms, where you will need to find clues, solve puzzles, crack codes, and investigate everything to make it out in time! Your event will begin with a briefing video on how to play our escape games. Once in your game room, you will watch another video to help immerse your team into the storyline. Then, your countdown clock will start, and your team will have one hour to try to escape. At the end, there is a debrief with your game master discussing the progress of your team.

We uniquely design our games to ensure that teamwork is the focal point. Come put your skills to the test, and unlock your team's potential!

FREQUENTLY ASKED QUESTIONS

What are your operating hours?

Corporate groups, large parties, and private events can be scheduled anytime Monday through Saturday by appointment. Email info@UrbanEscapeGames.com or call 678-805-2189.

Are you seriously going to lock me in a room?

While the object is to escape out of a locked room within an hour, you are not actually locked in a room. We are able to simulate this, so you'll still have the heart pounding experience of feeling locked in but, for safety reasons, you can open the door at any time.

How much time should I allow?

Please allow an hour and a half for the full experience, which includes arriving 15 minutes before your scheduled start time and staying 15 minutes after for a debrief and pictures.

Are your games scary?

We like to say that our games are "HR approved," meaning that there is nothing scary or inappropriate. We focus on team building and know how to work with large groups. This means no handcuffs, zombies, blood, guts, etc.

Do I have to sign a waiver?

Yes, there is a waiver that has to be signed. They have become a part of our society. Just like at a 5K fun run, laser tag, or a kid's field trip, you have to sign a waiver. Just know that while the waiver may seem intense, the activity itself is comparably tame.

Will there be other people in the room?

When you book a corporate team building event, all the slots in the room will be reserved for your group only and, if your group is large enough, you may be the only ones in the facility.

How does this incorporate team building?

The true key to success in our games is effective communication. As a team encounters each new puzzle or clue, they will have to organize their thoughts and decide how to proceed. You may see team members lead the way by asking guiding questions, by working to keep the team's thoughts organized, or by being vocal about a solution they're working on. At the end of the game, teams will be debriefed on their progress, where they excelled, what worked well, and other observations.
