III. Discussion Items
I.   Discussion Item 1: Attendance Updates compared to October
  i.   Ms. Stifler shared progress since our October meeting since many members were not present.
  ii. She shared that the + on the side was the number of scholars in that grade who are no longer meeting CCRPI requirements, since our October meeting
  iii. KWPA is higher than all partner schools so this is great!
  iv. We are higher than most of our cluster–not Scott, Finch, or Harper
    1. Harper has done a lot of work around attendance so a potential to connect with them
  v.   We are higher than all KIPP schools except SOUL
  vi. Lots to celebrate but every grade has dipped and we are right at our goal, even if we are 4% higher than this time last year.
  vii. No new ideas came, but the team was charged to share with their communities for our next meeting
  viii. Enrollment updates by grade
    1. Shared numbers. Grade 4 is overcrowded right now. TBD on if another personnel will be hired
J.   Discussion Item 2: Preliminary MAP Data
  i.   Ms. Stifler shared the preliminary data–MAP was taken last week and make-ups are still happening so this is very draft form, no comparisons yet can be made to other schools as we don't have that data but will for our next meeting
  ii. Opened up to questions/wonderings/thoughts
    1. Ms. Catlin asked if we knew the number of scholars at each level
    2. Ms. Stifler shared that not on this report, but shared an example of how to use the percentage to determine the exact number. Ms. Stifler shared that all families will have a conference in January

and will get this data about their scholar to see their growth. Reports will also be printed and sent home and via Parent Square

3. Ms. Stifler did share that growth is the most important and that a scholar may not change quintiles always, but if we hit targets year over year growth will help
