HOME LANGUAGE SURVEY

Notice to Parents and Guardians:

Georgia school systems are required* to collect your responses to questions about your preferred language for school communication and your child's primary or home language. Information from the first question is used to identify your need for an interpreter or for translated documents.

Information from the three Home Language Survey questions and the additional language information help us determine whether to screen your child's level of English language proficiency. The screening process will identify if your child qualifies for

**If not the parent/legal guardian, a Kinship Affidavit or Grandparent Power of Attorney Affidavit must be completed

English learner status and services in our language instruction educational program.

Identification of Potential English Learners

These three questions help schools identify if your child should be screened for eligibility to participate in their language instruction educational program.

When the response to any of these questions is a language other than English, schools may be required to screen your child's level of English language proficiency. If you respond with more than one language, the school will need additional information from you before making this decision.

Which language does the student **most frequently** speak at home? _____

Which language do adults in your home **most frequently** use when speaking with your child? _____

Which language does your child **best** understand and speak? _____

Additional Information from Multilingual Families

If you indicated that your child and other adults in the home **understand and use English and another language** or languages, schools will ask you to provide additional information to decide if your child should be screened for English proficiency.

If you respond that your child understands and uses English more than the other home language, or that your child understands and uses both English and the other home language equally, the school will not screen your child for English language proficiency.

Choose only one sentence that best describes your child's primary language.

- ☐ My child understands and uses only the home language and no English.
- ☐ My child understands and uses mostly the home language and a little English.
- ☐ My child understands and uses the home language and English equally.
- ☐ My child understands and uses mostly English and only a little of the home language.
- ☐ My child understands and uses only English.
