Increased Popularity of Inner City/Beltline Living
- Gentrification
- Housing Development
  - Single Family
  - Multi Family
  - Subdivisions
- Atlanta Housing Authority redevelopment of Civic Center site (at least 250 residential units)

Atlanta Regional Commission Prediction
- Metro will grow by 2.5M people by 2040
Current Challenges
City of Atlanta Residential Housing Development

Residential Permits:
- December 2015 – June 2016
- July 2016 – January 2017
- February 2017 – August 2017
Current Challenges
Grady Cluster Residential Development

Grady Cluster has already seen growth. Most of the new residential permits in Atlanta over the past two years have been issued for the Grady and Jackson Clusters.

Residential Permits:
- December 2015 – June 2016
- July 2016 – January 2017
- February 2017 – August 2017
Current Challenges
384 New Housing Units (Piedmont & Cheshire Bridge)

*FTE-1: Full-Time Equivalent - Cycle 1; refers to student enrollment numbers reported to the state.  
**Capacity including portable classrooms: Morningside ES – 1,025; Inman MS – 1,425; Grady HS – 1,525

(See slide 10 for information about Centennial capacity relief for the Grady Cluster)
In advance of SPLOST 2017 renewal, APS engaged the Grady Cluster about possible solutions for managing space and enrollment. At a Sept. 2015 and Feb. 2017 meetings, the community agreed upon several key solutions:

- **Pass SPLOST**
  SPLOST 2017 approved by voters in May 2016; therefore, revenue generation begins in July 2017

- **Create new middle school at Howard building***

- **Consider Inman Middle campus for additional elementary capacity in the cluster***

- **Expand Grady campus and address recommendations from the Facility Condition Assessment***

- **Build new APS athletic practice fields on former Walden Middle School campus***

- **Explore for immediate implementation, when possible, a separate grade level annex***

- **Find stopgap measures to relieve capacity challenges, including rezoning relief as needed***

*see appendix for more information
SPLOST in Grady Cluster

- Atlanta voters approved a renewal of 5-year ESPLOST for APS in May 2016. (Thank you!)
- Board of Education approved $113 million of new construction and renovations for schools and athletic facilities in the Grady Cluster:
  - 75% of $113M dedicated to addressing capacity challenges in the cluster
- Design and construction professionals approved for new middle school at Howard
- Construction efforts have already begun on the Walden Athletic Complex!

*Zoned out of Morningside ES; currently ~120% of capacity @ 1:22
Proposed Changes for Armour Drive and Cheshire Bridge Corridor

• As a result of significant growth and capacity challenges at Morningside ES, Atlanta Public Schools will change school zoning assignments for Armour Drive and Cheshire Bridge corridor, effective July 1, 2018. All changes are for the 2018-2019 School Year.

• Students in the Armour Drive area will be rezoned from the Morningside Elementary School/Inman Middle School/Grady High School feeder pattern to the E. Rivers Elementary School/Sutton Middle School/North Atlanta High School feeder pattern.

• Students in the Cheshire Bridge Corridor will be rezoned from the Morningside Elementary School/Inman Middle School/Grady High School feeder pattern to the Garden Hills Elementary School/Sutton Middle School/North Atlanta High School feeder pattern.

• These changes will be effective next school year. We do not want to disrupt students who are currently enrolled in the Grady feeder pattern. Our plan includes the following grandfathering:
  – All students currently enrolled at Morningside Elementary School may remain enrolled through 5th grade. Transportation will be provided by Atlanta Public Schools for these students.
  – All students currently enrolled at Inman Middle School may remain enrolled through 8th grade. Transportation will be provided by Atlanta Public Schools for these students.
  – All students currently enrolled at Grady High School may remain enrolled through graduation. Transportation will be provided by Atlanta Public Schools for these students.

• Any new students, including siblings, who are newly enrolled after December 5, 2017 must attend the newly zoned schools.

Grady Cluster Renovation Proposed Timeline

**2017**
- **Design**: Jan 2017
- **Construction**: Aug 2018
- **New Athletic Practice Fields @ Walden**: Construction Starts Jul 2018
- **New Middle School @ Howard**: Construction Starts Jul 2018, Completed Jul 2020
- **Morningside Renovation**: Design Sep 2019, Construction 9/1/2019 - 1/31/2021, Completed Jul 2022
- **Morningside @ Inman**: Relocation Aug 2020, Completed Jul 2022

**2018**
- **Grady HS**: Construction Starts Jan 2020
- **Howard Bldg.**: Construction Starts Jul 2018, Completed Jul 2020
- **Morningside ES**: Construction Starts Jan 2021

**2019**
- **Grady Campus Expansion**: May 2018
- **Grady HS**: Completed Jul 2021
- **Morningside ES**: Completed Jul 2022

**2020**
- **Morningside ES**: Completed Jul 2022

**2021**
- **Morningside ES**: Completed Jul 2022

**2022**
- **Morningside ES**: Completed Jul 2022
### Project Scope Outline

Renovations and improvements may include:

- Classroom addition – approx. $22M
- Needs identified in Facility Condition Assessment – approx. $11M
  - Updated HVAC, electrical and plumbing systems
  - Improvements to roofing
  - Improvements to classroom, support & administrative spaces
  - New interior lighting and signage
  - Updated data, voice, video, life safety and security systems
- Exterior improvements:
  - Monument signage
  - Exterior lighting
  - Sidewalk and landscape
  - Storm water system

### Construction Budget
- $28,100,000

### Project Budget
- $33,000,000 (includes design, construction, testing, hazmat, FFE & relocation)

### Tentative Project Schedule
- Design Start – May 2018
- Design Complete – Dec. 2019
- Construction Start – Jan. 2020
- Construction Complete – July 2021
Construction Budget – $42,000,000

Project Budget – $52,000,000 (includes design, construction, testing, hazmat, FFE & relocation)

Tentative Project Schedule
• Design Start – Jan. 2017
• Design Complete – June 2018
• Construction Start – July 2018
• Construction Complete – July 2020

Project Scope Outline
Additions and modifications to create a 1,375-student school may include:
• Classroom and support space additions
• Renovated classroom, support & admin spaces
• Updated exterior finish
• New Auditorium, Media Center, Cafeteria & Kitchen
• New windows, doors and hardware
• New interior finishes, lighting and signage
• New entry features, canopies, etc.
• New hardscape and landscape
• New monument signage and exterior lighting
• New fencing and gates
• New HVAC, electrical and plumbing systems
• New low voltage, data, voice, video systems
• New life safety and security systems
• Improved security and access to Main Office
• Improved identity of main, bus & carpool entry
• Improved bus, carpool, pedestrian ADA accessibility
• Improved visitor and staff parking
• Improved security through environmental design
**Morningside Elementary School**

**Construction Budget** – $17,000,000

**Project Budget** – $20,000,000 (includes design, construction, testing, hazmat, FFE & relocation)

**Tentative Project Schedule**
- Design Start – Sept. 2019
- Design Complete – Dec. 2020
- Construction Start – Jan. 2021
- Construction Complete – July 2022

**Project Scope Outline**
Renovations and improvements may include:
- Select improvements to classroom, support & administrative spaces
- Improvements to Auditorium & Performing Arts
- Improvements to Media Center
- Improvements to Cafeteria & Kitchen
- Improved security and access to Main Office
- Improved security through environmental design
- Improved monument signage and exterior lighting
- Improved and fencing and gates
- New interior finishes, lighting and signage
- Updated electrical and plumbing systems
- Updated low voltage, data, voice, video, life safety and security systems
- Improved hardscape and landscape
Walden Athletic Complex

- **Construction Budget** – $6,800,000
- **Project Budget** – $8,000,000 (includes design, construction, testing, hazmat, FFE & relocation)
- **Tentative Project Schedule**
  - Design Start – Jan. 2017
  - Design Complete – Sept. 2017
  - Construction Start – Oct. 2017
  - Construction Complete – Aug. 2018

**Project Scope Outline**
Renovations and improvements may include:
- Abatement and demolition of the existing building
- Construction of a synthetic turf football and multi-sport field with GHSA competition game markings
- Drainage and storm water management systems
- Site utilities, sewer, water, gas, electric
- Sidewalk, ramps, steps, parking and drives, etc.
- Fencing, netting and gates
- Irrigation to natural turf
- Competition athletic lighting and security lighting
- Score boards and control systems
- Field markers, goals, bases, dugouts, backstops, benches and support equipment
- Concrete pads and bleachers
- Natural turf baseball / softball field convertible by season with GHSA competition game markings
- Construction of a Field House with locker rooms, restrooms, concessions, storage and offices
- Monument signage, exterior and interior signage and landscaping
