

The MES Community Survey was conducted in order to provide the district leadership with quantitative feedback on the community’s response to the two scenarios for the future use of Inman provided by APS in March 2022. These survey results as well as qualitative feedback from the community will be presented to APS and the MES community during the April 12 MES Go Team meeting. The survey data can be directly accessed here: <https://tinyurl.com/MES-Inman-Survey>.
