

Family Engagement Advisory Committee Meeting

April 21, 2021

Goals for the meeting:

- Share the two options APS presented for the future use of Inman
- Collect questions and concerns from those in attendance
- Continue to share information with the community

Positive Sentiments

- Appreciated that it was a data driven decision between a new K-5 building or 4/5 Academy
- Good to see the two options finally being presented

Concerns

- A lot of transitions for students who are currently in 1st and 2nd grade
 - K Annex, MES, Virtual School, Inman, etc.
- Facilities are still not being utilized to the fullest extent
- Timeline seems tight to accomplish all that needs to be done
 - Principal and staffing, finding volunteers for PTA/Foundation
- 4/5 Academy
 - Number of students per grade level

Questions

- What does APS and the staff think would be the best option for our students?
- What are other clusters doing that have 4/5 Academies?
