#### IV. Discussion Items

- a. **Discussion Item 1:** [Cluster Covid Recovery Plan](#)

Mr. Miles discussed the cluster approach to student support/intervention as we approach the 21-22 school year. Diagnostic data will be used to determine where students are at that time. The support will be given by the grade level/grade band. Ms. Henry (MTSS) is working with the cluster to help facilitate the approach at Thomasville.

Possibility will not pull students during the enrichment block. Instead they will work with students during the rolling intervention block. This model will allow students to get the support needed and have the ability to participate in enrichment classes.

- b. **Discussion item 2:** [Candidates for Parent/Guardian and non-Supervisory Seat](#)  
Candidates will be identified at the next meeting. Mr. Miles stated that names of candidates should be brought to next meeting.
