Work Session Items

- a. Review of FY21 School Priorities
- b. FY21 New Positions Considerations
 - i. Adding an EIP Teacher (4-5)
 - ii. Adding a Signature Instructional Coach – This individual will also support the instructional needs of the building.
 - iii. Adding an SST Specialist
 - iv. Adding face-to-face World Language Teacher (Spanish) that will be part time.
 - v. Adding a Community In Schools advocate full-time on campus – This position will bring resources and a support staff member. This is an option instead of adding the Attendance Specialist, which would allow us to save \$14,000 to be able to support a possible parent liaison position.
 - vi. Our other community partners will continued to provide supports – AVLf, Kilpatrick and Townsend Law firm
 - vii. We will receive an RN instead of an LPN.

Meeting Summary

- c. FY21 Abolishment Considerations
 - i. Reading Specialist / Math Specialist – These funds are being used to support additional classroom teachers for smaller class size. These funds will also support the IB Coach.
The specialist position have been supporting grades 3-5.
 - ii. Non-instructional Paraprofessional – This position was responsible for helping support the building. The RTI/SST person will help to support behaviors in the building. The Behavior Specialist will also continue to provide support.
 - iii. Instructional Paraprofessional – This position is being abolished due to not needing an additional instructional support in grade two because an additional class will be added.
 - iv. Bookkeeper – We will return to have a secretary position.
