- b. Approval of Previous Minutes:

All 5 members approve - motion made by Jerol Shanks, Chef Alford seconded

IV. Informational Items 4:30 - 5:30

Principal's Report (10 min)

Highlights are outlined below (refer to Dr. CY's PPT)

Got an additional \$75, 000, due to the TSI Piece (which speaks to our Exceptional Education Department not seeing gains that we need)

FY21 - - CTAE instructional staff person with an Agricultural certification will be added to the STEM staffing (in addition to Cobey Willimas)

Adding a part-time counselor from Brown Middle (.5)

SST coordinator will be full time, but with one journalism class

Adding AVTF / Teacher (video production) - - .5

Alford questions / comments

Are we planning to do anything with the aviation piece? Since that is a signature program at TAG?

Whoever we may bring on as a Partner Specialist, that person will need a background and track record of getting grants funded.

Amos questions:

Is the STEM flow of pathways flowing both ways? Between M. Agnes Jones which is already pretty built out with STEM, and being STEM certified??

Does the 9 million include reserves? CY: Yes it does

Chair's Report (10 min)

No chair report at this time

Committee Report

K Nuri - - Partnership (N/A)

N. Packer - - Marketing and Communications (N/A)

L. Alford - - Community and Engagement

SCHOOL APP - - The School Info APP team is building our content for the phone app, we have given them pictures to embed in phone app.
