Covid 19 Update and Surveillance Testing Info

As of February 21st, 2022, Kindezi Schools will continue using MAKO for surveillance testing. Because of the rise in Covid-19 cases, staff and students will continue testing 3 times a week during the month of February.

While it was deemed mandatory for staff and **ALL** students that attend after school programs to be tested, it has been highly encouraged for every genius to signup.

If you are interested in signing your child up for testing, the link below will take you directly to the site. Each student must have their own release to be tested. Currently, only parents of students that test positive or are considered close contact of someone who is positive will be contacted.

A Covid Dashboard has been created to provide tracking information and transparency to the families of Kindezi about the number of Covid cases at each location. To review that document, please see the link attached below.
