

Our Strategy

01 Our Why

At LJPrice MS, our vision is to seek Love and Liberation for all of our students. We know that this begins with student empowerment, agency and ownership.

02 Our How

We are committed to strengthening the foundational literacy and numeracy skills of our students to build their confidence and ability to solve complex, real-world challenges through PBL.

03 Our what

We personalize student learning with differentiated intervention blocks, where students access programs that identify specific student needs and push them forward. Our data talks help them understand where they are, where they need to go, and what it will take for them to get there.

04 Call to action

We challenge families, staff, and community partners to join our call to action for students to own their learning, success and future by developing a growth mindset, being champions of their progress, and cheerleaders for their victories along the way.
