Zoom Authentication Now Required for Students (Grades 3-12) Before Entering Virtual Classroom

Greetings, APS Families:

The safety, security and well-being of our students and staff remains a top priority in Atlanta Public Schools. As we navigate the virtual learning space, we encourage you to continue to partner with us as we work to ensure a safe and supportive learning environment for all students.

Effective Tuesday, Sept. 8, 2020 students (grades 3-12) at traditional schools (not including charter/partner schools) will be required to authenticate (log into the APS Zoom account), before entering a virtual Zoom classroom. Students (grades 3-12) who do not authenticate will not be admitted into the virtual classroom. This increased security measure should alleviate the potential of outside disturbances and add an extra layer of protection and accountability for students and staff.

[Students can find step-by-step authentication instructions here.](#)

As a reminder, all APS students must adhere to [Internet Acceptable Use and Information Security Policy](#) and the student code of conduct/student discipline policy. The Student Handbook has guidance on digital citizenship included (Page 3) for parents and students; this information will be reiterated in the classroom as well. Some important points include the following:

- Be respectful. If it is inappropriate face-to-face, then it is inappropriate online as well.
- Be careful with humor; make sure it is not offensive, rude, or disruptive to class.
- If in doubt, before posting, message your teacher for guidance.
- Never share meeting IDs or meeting passwords outside of class.
- Never post inappropriate messages or content in classroom chats or privately.
- Never post what appears to be a threat of violence to any student, staff or school.

PLEASE NOTE: Students who commit acts considered to be criminal in nature may be subject to a home visit by the Atlanta Public Schools Police Department and/or face prosecution. Click [here](#) for a copy of the 2020-21 Student Handbook to review virtual guidance, behavioral expectations, and consequences.

If your child experiences any difficulties logging into Zoom, please [review the login options](#) with them or contact 404-802-1000 for assistance.

Sincerely,
Atlanta Public Schools

NEXT GEN

NEXT GEN MEN & WOMEN

Next Gen is a college and career readiness program that provides support and exposure for students to realize a vision for themselves after high school.

Support

Students join a grade-level cohort that meets twice a week after school. Students build bonds with their peers and their cohort leaders — a teacher coach and a college fellow. Students work through a culturally-responsive curriculum focused on personal identity, pathway exploration, professionalization, and building a personalized post-secondary plan.

Exposure

Students take a monthly exposure experience to colleges and companies around Atlanta, providing an opportunity to meet professionals, learn about a variety of industries, and build professional and interpersonal skills. We believe that if every youth can see it and experience it — they can become it!

Impact: 2019 - 2020

- > 257 students served across 4 schools
- > 73 exposure trips to colleges and companies
- > 44 hours of afterschool programming per student
