Project Based Learning Activities

Parkside Pandas POWER UP with Project Based Learning

Parkside Panda Parents are the BEST!! Thank you to all of the parents that supported the PBL presentations! Although some of you could not attend, we thank you for the support you provided at home. Parents had a chance to view an invasion from aliens, technology presentations about landforms and dioramas, students showing good citizenship, a gallery walk, museum, and so much more!

Let's take a peek at upcoming project based learning activities in social studies/science!

- October 5th-Mr. Hugley's fourth grade students are completing their Solar System garden project! (8:30 a.m. presentation)
- October 5th-Kindergarten Team will present, "People In Our Neighborhood/Community Helpers" community presenters, 8:30 a.m.-10:00 a.m. (in the media center)

It is great to see the excitement on the student's faces as they share their projects and explain what they are learning in science and social studies! Thank you for your continued support as we POWER UP with Project Based Learning.

Hispanic Heritage Month

In celebration of Hispanic Heritage Month, the SEL Book of the Month is *Sonia Sotomayor: A Judge Grows in the Bronx*. Long before Supreme Court Justice Sonia Sotomayor took her seat in our nation's highest court, she was a little girl in the South Bronx. Justice Sotomayor didn't have a lot growing up, but she had what she needed—her mother's love, a will to learn and her own determination. This is a timely biography of one of the foremost women leaders in the United States. The book includes an excellent Spanish translation, making the book accessible to Latino families. Sotomayor's story can inspire children of all ethnic, racial, and economic backgrounds to work hard and pursue educational and professional success. We hope that all teachers will read this amazing book with their students, but we encourage you to get a copy as well and continue the conversation at home!

Upcoming Events

Our Learner Profile Attribute for the month of September was **REFLECTIVE**. A **reflective** student finds ways to be better. They think about their work and actions. **Reflective** students consider mistakes as new ways to learn while understanding their strengths and weaknesses

IB Attribute For October- Knowledgeable

Students who are **KNOWLEDGEABLE** develop and use conceptual understanding, exploring knowledge across a range of disciplines. They engage with issues and ideas that have local and global significance.

DIVERSITY • PRIDE • COMMUNITY
