

Imagine This...

The year is 2036 and Atlanta Public Schools is a school district full of
CRITICAL THINKERS & SKILLED PROBLEM SOLVERS
who are

**RESOURCEFUL & DRIVEN, SELF-DIRECTED & GOAL-ORIENTED, FULLY
ENGAGED IN LEARNING, SELF-REFLECTIVE & GLOBALLY CONNECTED, and
ACADEMICALLY PREPARED.**

With your partnership this is becoming reality,
and at this table the conversation can begin.

TABLE TALK

Introduce yourself and include your role, school/organization, what you love
about Atlanta Public Schools and what you hope for as you imagine the next 150
years of the district.

With your tablemates, discuss the following questions
from your role/perspective:

*When you hear the term "innovation",
what does it look, sound and feel like to you?*

*How might we reimagine ways to support the whole child -
social-emotional learning, behavior, wellness, and comprehensive academic
success*

*How might partners invest in the 2036 APS graduate to prepare them for the
future ahead of them?*
