CLASS POEM

O dearest, loving Washington
Our hearts to thee we raise
And you will ever be the one
We'll gladly always praise

O dearest, loving Washington!
Whose halls we roamed each day
The fun we had within each class
Will live with us always.

O dearest, loving Washington!
You'll e'er be on our minds
We'll always think of you that way
Our kind and friendly school

O dearest, loving Washington!
We're going to leave you now,
But we could never, e'er forget,
Our dear, old high school days.

FOREWORD

Today, for want of a better designation, the present age is called the Atomic Era or Space Age. This 1959 Annual, compiled in the Atomic Era, is not a complete story of the scientific ventures of the mid-twentieth century. None the less, the many photographs and written words here capture and reflect the magic spell of Washington High School, ever young in spirit, as it celebrates its thirty-fifth anniversary. After all, you will agree, that it is the people who give to any age the special atmosphere, the contemporary scene, the particular flavor, and the great moments of life. Turn the pages to this living souvenir which will always remind you of a pleasant phase of life in the Atomic Age.

CLASS PROPHECY

by Carolyn Willis

The great day has finally arrived, May 23, 1969, the class reunion of the 1959 graduating class of the Booker T. Washington High School. This is truly a great day because the Tonanic, the latest space ship is about to be launched. This ship was designed by Robert Gibbs, Bobby Jordan and Ernest Dixon, who are known for great designs of rockets and space ships. The ship will be christened by Mrs. Julius Coles, the former Electa Twyman. Mr. and Mrs. Coles are Constitutional Lawyers.

Last night the annual class reunion dinner dance was held in the newly erected Club "23" which was designed by Rufus Hammonds, one of the well known architects. The club is owned by Bryant and Eddie Woods. The club was beautifully decorated by interior decorators Claudestine Simmons, Shirley Minter and Shirley Worthy. The music was furnished by Mr. Loyal Cox and his band — The L. C.'s.

As the guests were dancing and socializing the spot light was flashed over many important persons attending the gala affair. Seated at the many different tables were Mrs. Thomas Jackson, the former Beverly Wyatt; Mr. and Mrs. Carl Woods, Mrs. Woods is the former Carolyn Linsey. By the way, Carl is now a very famous pilot in the United States Air Force. Mr. John Thomas Wright, professor of English at Harvard University; Carolyn Bebee, supervisor of the Social Studies Department at Hampton Institute in Virginia; John Cranford, mathematics teacher at Booker T. Washington High School; Jean Miller, now Mrs. Donald Hill and Jo Ann Jones, now Mrs. Marvin Swift who are the very popular models of Paris designers; Delores Gresham, receptionist at the United States Capitol; Jean Covington, journalist for the New York Times; Beverly Whatley, mathematician at Dillard University in New Orleans; Gloria Johnson, Dean of Women at Spelman College; Robert Johnson, physics teacher at Howard University; Katie Coleman, principal of E. R. Carter Elementary School in Atlanta; Helen Ross, pharmacist; Leverne Parks, now famous for his many paintings of the outdoor world; Katherine Puryear, now working on her doctorate of philosophy at Columbia University; Mrs. Joseph McKibbens, the former Velma Billingslea who is president of the Georgia Nurses Association; Jocelyn Scott, the famous Hollywood movie columnist; Johnny Amos, Atlanta's Chief of Police; Mrs. James McClain, professor of religion; Mildred Lanes, dress designer; Sylvia Robinson, biology teacher at Henry McNeal Turner High School; Emma Jean Turner, coach of the first All-American Basketball Girls' Team; Rhoda Ann Horne and Bernice Williams, famous violinists who cut short their tour of the United States to be with their old classmate tonight; Patricia Craig, now Mrs. Doug-

las Robinson, head nurse of the children's ward at Harris Memorial Hospital; Barbara Dorsey, now Mrs. Arthur Parks. By the way Arthur was honored at a big dinner party in Washington for adding to the world of art so many different paintings and ideas; Ernestine Walker, owner of the smartest shoe store on 5th Avenue in New York, and Brenda Wiggins, famous hair stylist.

Over in one corner of the room was spotted the famed comedian, Minnie Lowe. Talking over old times with her were Mary Frances Jones, coach of the Girls' All-American Track Team; Geneva Momon, athletic director at Spelman; Verdell Jackson, owner of the famous Sputnic Night Club; Doris Partridge, English teacher at Clark College; Carolyn Willis, child psychiatrist; Beatrice Johnson, now Miss America; Lena Bronner who owns the Bronner Beauty Salons which are located in all parts of the country; Jessie Stith and Avonne Hargroves, French teachers at Clark; Virginia Wynn who is now married and has a very lovely family; Lucy and Lucille Twyman, private secretaries to the President of the National Insurance Company who is none other than Mr. Jasper Session; Carolyn Allen, hair stylist; Vivienne Hawkins, now Dean of Women at Fisk University; Emma "Bo" Turner, famous tennis player; Wynelle Turner, now Mrs. Grady Parks, who was recently chosen as "Mother of the Year" — Grady is owner of the Executive Parks Clothing Store in Chicago. Larry Jones is the owner of the Esquire Shoe Company in New York; Daniel Stafford, radio and T.V. News reporter; Carolyn Foster, biology teacher at Price High School; Nellie White, model of Paris bathing suits; Anita Garfield, teacher at Ware Street School; Anne Haywood, civic ballerina; Betty Ricks, secretary; Mary Harvey, owner of the Harvey Trick Shop; Ralph Hester, owner of Buzzy's Hat Shop on Fifth Avenue, New York; Jackie Silvers, dress designer and William Guest, lead singer for that well known group — the Pips.

The greatest All-American Athletes seem to have had a wonderful time catching up on all the latest sport news. Among them were Ronald Bowen, Roland Wyatt, Ralph Smith, Harold Huggins, John Cox, and Bobby Williamson — All-American Football players; David Hunter, George Johnson, James Brown and Robert Johnson, All-American Basketball players; Fest Dunlap, Walter Woods and John Walters, former Olympic Stars.

All of a sudden there was a loud commotion at the door. It was Doctor Dianne Middlebrooks, a very successful brain and heart surgeon, entering with her host of nurses which included Julia Rushin, Gloria Phelps, Doris Jones and Betsy Norman.

The last guest has finally arrived, the curtains go up, and everyone gets ready for an enjoyable evening.

The staves are arranged vertically, separated by dashed horizontal lines. The first five staves each begin with a treble clef, while the sixth staff begins with a bass clef. The notation includes various note heads, stems, and rests, with some notes having vertical dashes through them. Measure numbers '1.', '2.', and 'Chorus' are placed above specific measures. The entire score is enclosed in a rectangular border.

A handwritten musical score consisting of three staves of music. The music is written in common time, with a key signature of one flat. The staves are arranged vertically, separated by dashed horizontal lines. The first two staves begin with a treble clef, while the third staff begins with a bass clef. The notation includes various note heads, stems, and rests, with some notes having vertical dashes through them. Measure numbers '1.' and '2.' are placed above specific measures. The word 'fine' is written in cursive script at the end of the third staff.

To you, Dear Washington, we owe
One love and loyalty;
We'll always remember most,
The days we spent behind your doors
Now that our work is over.
We're glad the task is done
Goodbye to you with saddened hearts
With future plans, we now depart!

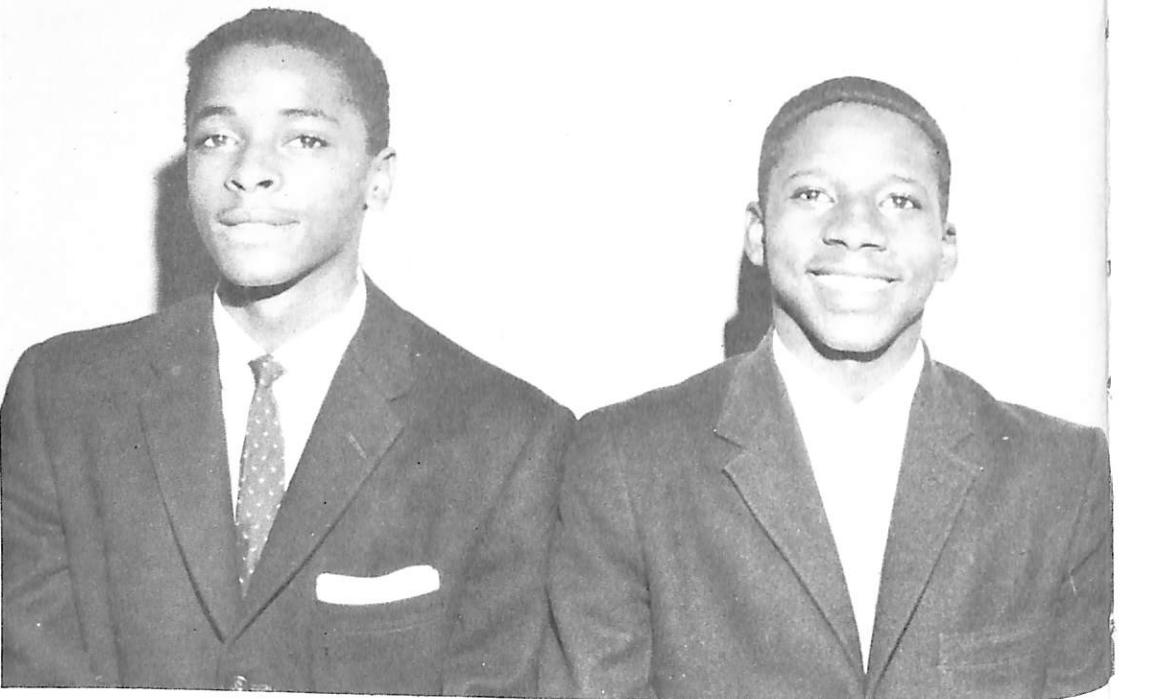

Chorus

Goodbye, Goodbye, Goodbye
Goodbye, dear school we love
To teachers dear and friends so near
'Tis time that we must part.
Goodbye, Goodbye, Goodbye
Goodbye, dear school we love,
But never forget from time to time
We leave our hearts with thee,
The spirit of fifty-nine!

DEDICATION

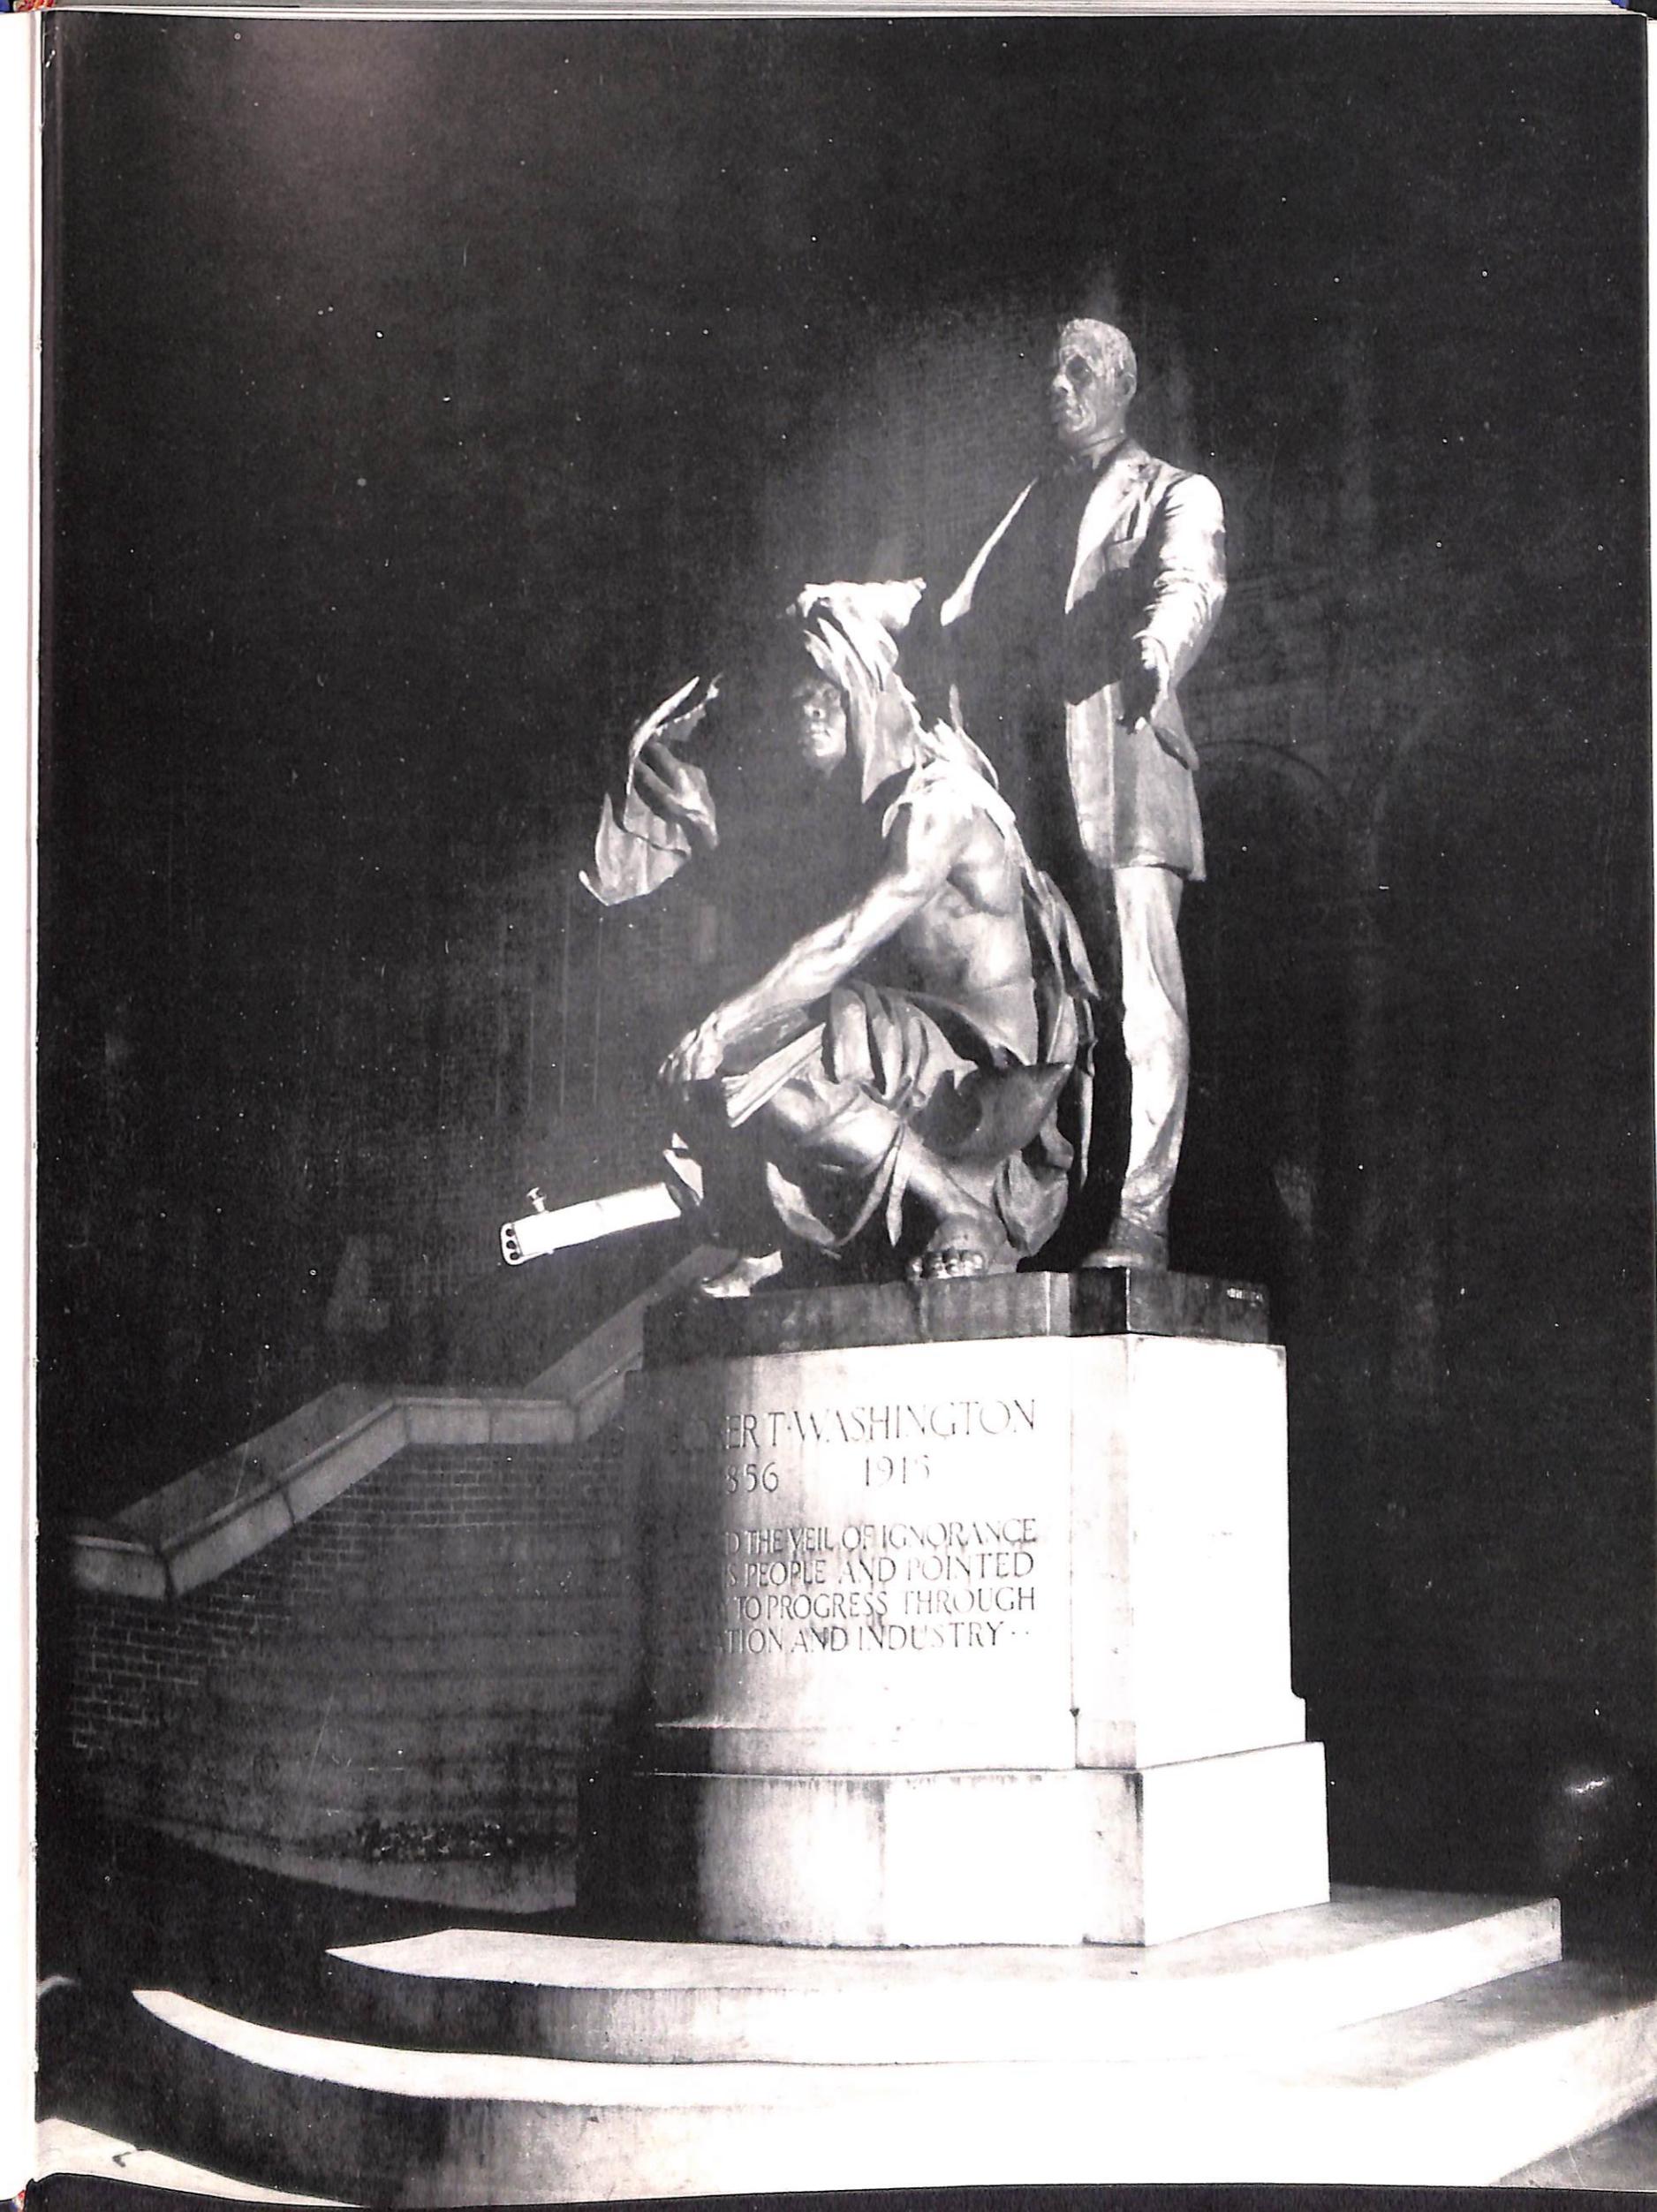

TO THOSE WHO BLAZE A TRAIL TO THE STARS

Actually and figuratively, there are those individuals in every age who blaze a trail to the stars. They are the people who sacrifice in order that future generations might reap the benefits of their labor.

Now as never before, there is a determined effort to build upon established scientific facts and likely possibilities. In a word — emphasis is being placed upon putting dreams into realities. Students, teachers, and graduates are engaged in scientific education. They are encouraged to probe further into the mystery of the universe in their studies, experiments and imagination.

Interwoven into the fabric of scientific investigation, the modern scientist exemplifies patriotism, courage and character. To the budding scientists and to those individuals who are actively engaged in unravelling the mysteries of science, in short, to those who blaze a trail to the stars — this 1959 Annual of Booker T. Washington High School is dedicated.

LIVING

To touch the cup with eager lips and taste, not drain it;
 To woo and tempt and count a bliss — and not attain it;
 To fondle and caress a joy, yet hold it lightly,
 Lest it become necessity and cling too tightly;
 To watch the sun set in the west without regretting;
 To hail its advent in the east — the night forgetting;
 To smother care in happiness and grief in laughter;
 To hold the present close — not questioning hereafter;

To have enough to share — to know the joy of giving;
 To thrill with all the sweets of life — is living.

Quotations For Successful Living

"There are too many people in the world who give their whole lives grasping at the shadow instead of the substance!"

"It is the wise individual who makes up his mind that life is not going to be all sunshine, that all is not going to be perpetual pleasure."

"Books with all their contents, are not an end, but a means to an end, a means to help us get the highest, the best, the purest and the most beautiful things out of life."

"He who goes into the battle of life giving a smile for every frown, a cheery word for every cross one, and lending a helping hand to the unfortunate, is after all the best of missionaries."

"One should learn to do the common things in an uncommon way."

"A man's position in life is not measured by the heights which he has attained, but by the depths from which he has come."

"Success in life is founded upon attention to the small things nearest us rather than the things that are remote and uncommon."

"The greatest thing you can learn is the lesson of brotherly love, of usefulness, and of charity."

"In order to be successful in any kind of undertaking, one should grow to the point where he completely forgets himself; that is, to give himself in a great cause."

"We shall make our greatest progress by keeping our feet on the earth, and by remembering that an inch of progress is worth a yard of complaint."

"The average individual thinks he knows a great deal more than he does know. The individual who really knows more than he thinks he knows, is rare indeed."

"There is no wealth in the mines or in the seas equal to that which is created by the growth and establishment in a people of habits of thrift and intelligent forethought."

"In proportion as one renders service he becomes great."

"Education is useless unless it makes us absolutely honest."

"The only thing worth living for is the lifting up of our fellow men."

"The miserable persons in the world are the ones whose hearts are narrow and hard; the happy ones are those who have great big hearts. Such persons are always happy."

"I have learned that it is important to carry education outside of the school building and take it into the fields, into the homes, and into the daily life of the people surrounding the school."

"Opportunities never come a second time, nor do they abide our leisure. (The years come to us but once, and swiftly pass on, bearing the ineffaceable record we put upon them). If we make them beautiful years, we must do it moment by moment as they glide before us."

"A man is free just in proportion as he learns to live within God's law, and he makes grievous mistakes and serious blunders the moment he departs from these laws."

THE HIGHER GOOD

Faith, I will not ask for wealth or fame,
Though once they would have joyed my carnal sense:
I shudder not to bear a hated name,
Wanting all wealth, myself my sole defense.
But give me the power to labor for mankind;
Make me the mouth of such as cannot speak;
Eyes let me be to groping men and blind;
A conscience to the base; and to the weak
Let me be hands and feet, and to the foolish, mind;
And lead still further on such as thy kingdom seek.
