#### IV. Discussion Items *(add items as needed)*

- a. Georgia Milestones Math Data  
Dr. Toney presented the team with the 23-24 Milestones SPARK math scores and the APS Milestones Math scores for the district for grades 3-5. 75% of students meet or exceed the standards. The SPARK scores outperformed both the district and the state. The team looked at a breakdown of subgroups at SPARK compared to the district. SPARK subgroups outperformed in these areas as well. The team noticed that the pattern of the scores between the grades was similar at a district level.
- b. Continuous Improvement Plan Presentation
  - i. Continuous Improvement Plan and Strategic Plan Alignment  
The Go Team went over a PowerPoint presentation highlighting the CIP and the Strategic Plan Alignment (see meeting document). Discussion items included attendance, teacher attendance take rate, small group instruction and teacher trainings. Whole child meetings, weekly PLCs and Cox campus training are helping SPARK meet goals. The team discussed ways other than test data to measure goals including possible sign in sheets at events to gauge family involvement.
  - ii. Strategic Plan Update: no changes were made to the strategic plan
