Focus of the PTO

- **Fundraising**

- Did you know that SPARK is one of the few APS schools that does not receive federal funding through Title 1 grants?
- We are very fortunate to be in this position, but we need our SPARK community to help bridge the gap between the budget allocated to our school and the additional resources to help our children excel.
- Read the above one more time :)

PTO Supporters

- We suggest \$200 per student, but we would LOVE 100% participation so \$5 works!
- All donors will be entered into a drawing for a night at the Clermont and dinner at Tiny Lou's
- The class with the highest participation gets a pizza party and a chance to dunk Principal Harness
- \$250 gets you a yard sign
- There will be a cocktail party for donors of \$1,000+
