

SPARK #BlizzardofKindness

While a single snowflake is beautiful alone, a blizzard of snowflakes adds up to create a beautiful winter wonderland. The SPARK community is looking to create a blizzard of kindness with our Snowflake project. We will spread words of kindness around the community – starting with one snowflake and snowballing into a #blizzardofkindness.

Snowflake Instructions

1. Please have your child sign up for Raise Craze (see attached flyer)
2. They can log an act of kindness by decorating their paper snowflake and writing a kind message.
3. Help your child deliver their snowflake to a friend, family member, or neighbor.
4. Keep spreading the kindness- you can print more snowflakes at this link: <http://tinyAPS.com/?SPARKkindness>
5. If you receive snowflakes, hang them in your window for everyone to see!

Also, if you received a wooden snowflake ornament at the Food Drive, decorate it and hang it for everyone to see! If you didn't receive one and want one, please reach out to shaili.asher@springdaleparkelementary.org.

We hope these snowflakes start a Blizzard of Kindness! If you see one around town, post to social, tag @SPARKPTO and use our hashtags! #blizzardofkindness #bespark #raisecraze
