FY20 Budget Parameters & Rationales

Strategy	Rationale
1. Improve student mastery of literacy and math	Based on data, we identified these two area to prioritize. We must be intentional in our efforts.
2. Provide rigor to all students	Our teachers will monitor student data in order to plan academic challenge for all students.
3. Extend focus on bi-literacy through the implementation of dual immersion language and oral proficiency based world language program	As an IB school, all students participate in world language instruction or dual language immersion.
4. Build teacher capacity in literacy and math	As teachers refine their practice and expand their professional knowledge, student achievement increases.
5. Expand teacher collaboration opportunities	Teachers commit to sharing best practices with each other in order to meet the diverse learning needs of their students.
6. Intentionally recruit and retain high-quality bi-literate teacher candidates for DLI	Teacher attrition necessitates building capacity to staff the DLI program.
7. Build systems, resources to support Cluster Plan to include IB implementation	Decisions at our school should not be made in isolation, for they have impact throughout the cluster.
8. Foster a positive, informed, and engaged school culture	Teachers and students do their best when they work and study in a positive environment.
9. Inform and engage the school community	We acknowledge the need to inform parents & the community about curriculum, programs, and events.

Red indicates three priority areas as identified by GO Team in Fall 2019.
