HIGHLIGHTS FROM 2020-2021

The Foundation funded:

- Professional learning in the form of gifted certifications, Google certifications and GATapp tuition for many of our valued teachers
- Online curriculum software: IXL; BrainPOP; Newsela, and more
- Technology including headphones, hotspots, video editing tools, and additional Chromebooks critical to virtual learning
- Exceptional building enhancements, including the completion of a student dance studio with bars and mirrors

WHAT'S NEXT?

TECHNOLOGY: The Foundation will continue to support technology based strategies and necessary equipment that champion a stellar academic setting.

CURRICULUM ENRICHMENT: Online software for our students is critical in this ever-changing environment. The Foundation funds software applications for all students that contribute to a dynamic learning experience. Many of these are not covered by APS but yield high results in equitable learning and student and teacher satisfaction.

PROFESSIONAL LEARNING: The Foundation sponsors key learning opportunities for teachers, fostering a professional culture of broad scholarly knowledge, strong leadership and instruction, and progressive classrooms.

BUILDING ENHANCEMENTS: With a new building, there are opportunities to further modernize. The Foundation strives to establish a learning environment that is innovative, comfortable, and complete with the resources our students and teachers need to succeed!
