*Did you know: The Foundation purchased more than 500 Chromebooks over the last few years thanks to the generous support of our many donors. Those Chromebooks allowed virtual learning to happen as soon as it was announced in March 2020.*

## RAMS RISE UP!

**Every donation, no matter the amount, makes a difference now AND in the future.**

## HIGHLIGHTS FROM 2019-2020

- Leadership training
- Gifted certification for 8 teachers
- Google certifications for teachers
- Implicit Bias diversity training
- Online curriculum software: IXL; BrainPOP; Newsela, et. al.
- Technology accessories including headphones, hotspots, video editing tools
- Mobile stands for the classroom
- Boardworks resources for interactive whiteboards

## WHAT'S NEXT?

*Now, more than ever, our Foundation needs support from families, friends and alumni to fund initiatives that cultivate an equitable learning environment for students and provide our teachers with the tools they need to facilitate a productive classroom - virtual or face-to-face.*

**TECHNOLOGY FOR OUR STUDENTS & EDUCATORS:** The Foundation will continue to support technology based strategies that champion a mainstream learning environment.

**CURRICULUM ENRICHMENT SOFTWARE:** Online software for our students is critical in this ever-changing learning environment. The Foundation will fund applications (not covered by Atlanta Public Schools) that contribute to a dynamic learning experience, i.e., IXL, BrainPop, and Newsela.

**PROFESSIONAL LEARNING:** Our teachers also want to learn and The Foundation will sponsor key learning opportunities to foster a culture of broadening knowledge, strengthening instruction, and facilitating progressive classrooms - digital or face-to-face.
