Meeting Minutes

there will be a negative impact on our most vulnerable students. Parents still have the opportunity to decide whether or not their child will return to school or remain virtual. There are health and safety guidelines in place that include PPE for staff and students, for example masks, face shields, disinfectant etc. All Wednesdays, the school buildings will be closed for deep cleaning. We will start a phased in approach in January. We have a great space to distance ourselves in our particular building.

b. **Questions were asked to clarify information:**

1. How confident are you all (Principal and staff) with reopening?
2. How does the staff member in the care room protect themselves in the care room?
3. In the last meeting, we touched on mental health. How are these concerns being addressed?
4. Noki offered support from the community to deal with any trauma issues.
